

## Dr. Sheppard, Convicted Killer Of Wife Freed

COLUMBUS, Ohio (AP)—Dr. Samuel H. Sheppard, the "Doctor Sam" of one of the nation's most-publicized murder cases, was expected to leave Ohio Penitentiary today on strength of a federal court order.

He had won the release order after nearly 10 years of futile efforts to overturn his conviction in the slaying of his wife.

But the former osteopath, only months away from a possible parole, appears to have another battle coming up for even temporary freedom before a new trial.

U.S. Dist. Judge Carl A. Weinman in Dayton ruled Wednesday that the 40-year-old Bay Village suburbanite was denied his constitutional rights in his 1954 trial in Cleveland. The trial resulted in his conviction in the bludgeoning slaying of Marilyn Sheppard.

Judge Weinman said Sheppard's custody is "void" and if Cuyahoga County or the state takes no action within 60 days the release becomes final.

## Muskegon Youth Rides Kite Over Lake, 81 Miles

MILWAUKEE (AP)—Kite-riding David Rude arrived here today at 7:47 a.m. after an 81-mile crossing of Lake Michigan from Grand Haven, Mich. He had taken off at 4:15 a.m.

He undertook the journey despite a head injury suffered Wednesday night as a performer in a water thrill show. Rude, 18, of Muskegon, required seven stitches to close a head wound suffered in a spill during his act at Grand Haven.

The journey ended today when he touched down on his water skis at the Milwaukee Clipper dock. It surpassed a trip he made last year when he was forced down by strong winds some five miles short of his goal.

## Mourning Dish Kills 22; Widow Faces Charges

MESOLONGION, Greece (AP)—The widow who accidentally sprinkled insecticide instead of sugar on a mourning dish has been charged with manslaughter by negligence. She has her son and daughter.

Twenty-two of the mourners died after eating the traditional boiled wheat germ with raisins which Maria Apostolopoulos prepared for them after a memorial service for her husband last Sunday in the village of Styria. Another 128 became ill, and 35 are still in the hospital.

Mrs. Apostolopoulos and her children didn't taste the dish. She was still serving the guests when they began dropping in agony.

## Weather

By The Associated Press

Upper Peninsula—Mostly sunny and warmer this afternoon. Partly cloudy and warm with scattered thundershowers tonight and Friday. Cooler west Friday. Low tonight in the 60s, high Friday 86 to 93.

Lower Michigan—Sunny and warmer this afternoon. Fair and warmer tonight. Friday, mostly sunny with little temperature change and chance of scattered thundershowers. Low tonight 65 to 72, high Friday 88 to 94.

Highest temperature Wednesday, 82, lowest, 59.

Highest temperature one year ago today, 77, lowest, 62.

Highest temperature this date since 1872, 95 in 1887, lowest, 49 in 1945.

The sun sets today at 8:35 p.m. and rises Friday at 5:14 a.m.

# Goldwater Unanimous Choice Of Republicans

## Mackinac Isle Horses Facing Shoe Shortage

MACKINAC ISLAND (AP)—This 3-mile-by-3-mile island, which bans autos and claims to be the nation's horse and buggy capital, may have to stop the carriage trade—for want of a shoe.

Actually, it will be for want of about 5,000 shoes, of a special kind—rubber coated for safety on hilly streets. They are required by city law.

Carriage Tours, operators of public tour carriages on the island, discovered only Tuesday that the manufacturer of the special shoes, in Chicago, had stopped making them last summer.

The firm has only a two weeks' supply left for its own 300 horses and for the private carriage operators and rental carriages it supplies. It plans a national advertising campaign—for want of a shoe.

"We would order 5,000 to 10,000 shoes of assorted sizes if they were available," said John T. Chambers, Tours vice president. "Our need is urgent. If we can't get rubber shoes the horse and buggy business here is finished."

That means walking or bicycling for all means of transportation, including freight. State law bans autos.

## Loser And Family Plan Vacation Stay In Hawaii

SAN FRANCISCO (AP)—Gov. William W. Scranton and his family made plans today for a Hawaiian vacation to forget the stress and strain of the futile, one-month campaign for the Republican presidential nomination.

The trip originally was planned weeks ago, before the Pennsylvania governor suddenly jumped into the nomination race, but it was put in abeyance while his whirlwind campaign was under way.

Scranton's belated and helter-skelter drive for the nomination came to an end Wednesday night with a total of only 214 votes compared with 883 for Sen. Barry Goldwater before switches were made.

## Barry's Mother Active At 89

PHOENIX, Ariz. (AP)—The mother of Arizona Sen. Barry Goldwater reacted calmly when her son received the Republican presidential nomination.

Said Mrs. Baron (Josephine) Goldwater: "I've gotten so used to this that it doesn't bother me."

Nonetheless, for three days and nights, the 89-year-old woman has sat in front of her television set watching the San Francisco convention intently.

"I've been very much interested in these activities," she said. "Once a pioneer Arizona nurse, Mrs. Goldwater has remained strong. She lives with a woman companion, Susan Armstrong, formerly of Chicago, but moves about her two-story Phoenix home with authority."

She likes to do things for herself. As she reached for a cigarette Wednesday, a visitor offered to light it for her. "No thank you," she declared. "I do that myself. I'm strong as a man."

The nominee's mother weighs 95 pounds and is 5-feet-5. Her voice is strong.

"All my life, I lived in a two-story house. Those stairs don't bother me," she said.

She said she never expected her son to seek the presidency. "But that's all right. I want him to do whatever he wants to do."

Now that Goldwater has won the GOP nomination, his mother worries a little about the future.

"Well, of course, since he's running, he's going to be elected," she said. "But it's such a thankless job."

Guns Outlawed

NEW YORK (AP)—A new city law makes it illegal to carry a rifle or shotgun in public unless it is unloaded and enclosed in a carrying case.

Mayor Robert F. Wagner signed the bill Wednesday. The police department had urged it as a crime deterrent.

## Arizonan Gets Nomination In Single Rollcall

SAN FRANCISCO (AP)—Republicans have roared approval of Sen. Barry Goldwater as their presidential nominee and he vows to carry "the conservative cause" to the American voters in November.

The 55-year-old grandson of a Jewish peddler who emigrated to California from London ground moderate Republicans under his steamroller as he pushed to a first-ballot victory Wednesday night.

Twenty-three minutes after the call of the states began, Goldwater became the nominee when South Carolina cast its 16 ballots to put him over the 655 total needed to nominate.

By a motion of Pennsylvania Gov. William W. Scranton, his leading opponent, the nomination was made officially unanimous—but it wasn't quite.

In the midst of the confusion, Sen. Thurston B. Morton of Kentucky, the convention chairman,

## MILLER PICKED

SAN FRANCISCO (AP)—New York Rep. William E. Miller is Sen. Barry Goldwater's choice for vice president on the 1964 Republican ticket. It was announced today.

Goldwater's press aide Ed Nellor said the selection of Miller would be presented at the Republican state chairmen's meeting today by California GOP Leader William F. Knowland.

The choice of Miller, who has been chairman of the Republican National Committee, is expected to be ratified speedily by the Republican National Convention. The convention delegates customarily follow exactly the wishes of the presidential nominee.

told a reporter that he had been informed Goldwater had called Rep. William E. Miller of New York, the GOP national chairman, had offered him the vice presidential nomination, and that Miller had accepted.

But Goldwater and Miller both appeared on television later to say that it wasn't quite as buttoned up as Morton had said it was.

Goldwater said he hadn't promised Miller to ask him to accept second place on the ticket, as had been reported. But he added that he is "favorably inclined" toward the upstate New York representative.

Miller, also appearing on television, said he thinks that after a meeting of Goldwater with state chairmen today some definitive announcement on the vice presidential nomination—which he said he would accept—would be forthcoming. The vice presidential nominee will be for-

Barry Goldwater

## Dixie Senators Back Obedience To Rights Law

WASHINGTON (AP)—Southern senators, who lost a long and bitter battle against the civil rights bill, are closing ranks again to urge that Southerners obey the new law "for as long as it is there."

At least a dozen of the Democratic senators who fought hardest against the measure during a 15-week battle in the Senate have urged Dixie to limit its protests to court challenges and to avoid all violence, however much the law may be disliked.

Some have spoken out in statements and speeches in their home areas. Others said much the same when asked for comment on a speech by Sen. Richard B. Russell, D-Ga., who led their Senate fight.

Russell, addressing an area development commission at Rome, Ga., urged that the new law be observed as long as it is the law.

"Violence and law violation will only compound our difficulties and increase our troubles," he said. "All good citizens will learn to live with the statute and abide by its final adjudication even though we reserve the right to advocate by legal means its repeal or modification."

## Trout Killing Is Investigated

LANSING (AP)—The State Conservation Department expressed concern and promised a full investigation today into the killing of some 650,000 trout at the Thompson State Hatchery near Manistique in the Upper Peninsula.

A preliminary report said the fish died of suffocation caused by heavy weed growth in the stream that supplies water to the hatchery ponds. The weed growth used up available oxygen in the water, it was explained.

D. J. Curry, deputy director for field operations, reported: "The conservation department naturally is deeply concerned by this large loss of fish at the Thompson Hatchery."

Glenn Gregg, regional manager for the Upper Peninsula, has assured me he will make a prompt and thorough investigation of the incident. Any further action on this matter must await his report.

"Meanwhile, corrective steps are being taken to insure against further losses from this source. The kill of 650,000 or more trout, while serious, fortunately will not impair our trout management program. We have ample stocks at hand at other hatcheries to meet our needs."

## Today's Chuckle

The person who has everything should be quarantined.

## Romney Asks For Campaign Free Of Hate

SAN FRANCISCO (AP)—Michigan Gov. George W. Romney indicated today he would support the Republican presidential campaign of Arizona Sen. Barry Goldwater only if it is "free of hate-peddling and fear-spreading and devoted to the issues of the day."

Although Romney seconded the move of Pennsylvania Gov. William Scranton to make the Goldwater nomination unanimous at the GOP National Convention Wednesday night, the governor later declared he still had reservations about the GOP platform.

Romney was defeated twice Tuesday in efforts to strengthen the document with amendments on civil rights and extremism.

## Would Ease Tensions

In his statement, Romney said:

"The tensions gripping our country can be increased or decreased depending upon the conduct of our presidential campaign. I firmly believe that including a stronger statement supporting civil rights and a condemnation of extremism would have helped ease these tensions."

"The issues raised by civil rights and extremism are moral issues and we should refuse completely to exploit segregation and extremism for supposed political advantage. This we have pledged to avoid in Michigan."

Romney failed to mention Goldwater by name. Asked by newsmen if he would say flatly how he feels about having Goldwater at the head of the ticket, Romney replied:

"The statement speaks for itself, and I have no comment beyond it."

## Gets Extra Vote

Some Romney supporters expressed fears that having Goldwater as the presidential nominee would do more harm than good to the entire GOP ticket in Michigan, especially in the labor stronghold of Detroit.

Romney said the task of the Michigan delegation is to return and work for a complete Michigan Republican victory.

This should be based, he said, on the record that the Republican administration has established in Michigan and on the application of the Republican heritage and principles to Michigan problems.

"As the national campaign progresses in a similar responsible manner, free of hate peddling and fear spreading and devoted to the issues of the day, I will be happy to support it," Romney declared.

The governor, nominated as a favorite son candidate by Congressman Gerald Ford of Grand Rapids, received 41 votes in the roll call.

Eight members of Michigan's 48-member delegation voted for Goldwater. Romney's extra vote came from James Woodson of Topeka, Kan., a Negro delegate who gave one of four speeches seconding the governor's nomination.

## Praised By Rep. Ford

In placing Romney's name before the convention, Ford praised him as a man who would bring financial integrity and fiscal management to the White House.

Ford said the Michigan delegation was nominating Romney "because of his record in every job he has ever tackled as a tremendously successful citizen."

"He is a staunch, positive and constructive Republican. He is a leader with a vision for the difficult days ahead."

Ford lauded Romney, former president of American Motors, as having a unique talent for taking organizations in business and government that are in trouble and rebuilding them to "new plateaus of success and prosperity."

"He has been a man of action, a man of results," Ford declared. "In Michigan we are especially proud of him and particularly grateful because he rescued our state from the brink of political and financial disaster."

## Son Of New York Police Boss Now Trainee At 17

NEW YORK (AP)—Francis Murphy, 17, has joined the police department as a trainee and his father, the police commissioner, says: "From now on he better laugh at my jokes."

Commissioner Michael J. Murphy, who joined the force as a patrolman 24 years ago, formally welcomed his son and 99 other trainees into the new program Wednesday.

The trainees start at \$4,000 a year, perform nonenforcement duties and may become probationary patrolmen at 21.

## Mackie Pulls Michigan Out Of Roads Federation

LANSING (AP)—Claiming the organization has developed a "partisan political" character, State Highway Commissioner John Mackie said Wednesday his department is pulling out of the Michigan Good Roads Federation.

Mackie's move, during a meeting of the federation's board of directors, came as an apparent surprise and was not formally submitted.

In a statement afterward, Mackie said the highway department was ending its 32-year-charter membership in the organization for several reasons.

"The highway department cannot afford to spend any more time or money on the activities of the federation, which has become a partisan political organization," he said.

Falling Down On Job

Mackie also said he felt the federation, which is composed of government and private organizations with interests in road-building, "has been ineffective for more than a year and has fallen down on its job of promoting better highways."

But the central issue apparently concerned the announcement by S. Don Potter, executive director of the federation, that he will be a candidate for Republican nomination to the State Senate this year.

Mackie, a Democrat, took the position in the board meeting that Potter should resign his post immediately because he has announced his candidacy.

But the board decided he should remain until the end of July, then be given a 30-day leave of absence, with his first primary which will determine whether he gets the nomination.

Got "Huffy"

James Telford, East Lansing road equipment firm official who is the federation's current president, said he felt that was "the fair way" to deal with Potter's situation.

"It was primarily a question of timing," he said. "I am sorry to hear that Mackie has decided to resign from the federation. I think he just got a little huffy and probably will think better of it."

Potter said Mackie's decision surprised him.

"I was out of the room so the board could review my position in view of my candidacy," said Potter. "The next thing I knew, John walked out and said 'I quit'."

"Regardless of what he says, though, I don't think the department will really pull out. It may be Mackie should submit a formal resignation to the board of directors."

He said that decision would be left up to Telford.

Potter denied the federation has become a "partisan political organization." He said he intends to resign his post if he is elected to the Senate.

The 35-year-old Potter, a former radio newsman and a current member of the Lansing City Commission, has been the federation's director for more than two years.

## Gov. Scranton's Future Clouded

SAN FRANCISCO (AP)—The cloud of delegate votes that eclipsed William Warren Scranton's presidential nomination bid also cast a long shadow across his political future.

Politicians are loathe to enter the public career of any current office holder with the election record of the slim, affable Pennsylvania governor.

But at the same time there are facts that weigh heavily in an assessment of Scranton's prospects in the years ahead—particularly 1968, another presidential year.

Can't Run Again

No. 1 fact: Scranton is a governor who can not succeed himself.

Thus, his position is different from that of two other notable politicians who turned convention defeat into victory four years later—the late President John F. Kennedy and the new Republican presidential nominee, Arizona Sen. Barry Goldwater.

Kennedy, defeated at the 1956 Democratic convention in a bid for the vice-presidential nomination, came back like a whirlwind during the next four years to win the top spot and the election.

Goldwater was placed in nomination at the 1960 GOP convention, but withdrew in favor of front-runner Richard M. Nixon. The move set Goldwater up as a major contender four years later in the wake of Nixon's defeat by Kennedy.

But both men had a political base. Both were U.S. senators—one of the best forums in politics to use for political advancement.

But under Pennsylvania law Scranton may not succeed himself, though he could again run for office after an intervening term. Elected in 1962 by a margin of 486,000 votes, he now is in the middle of his four-year term.

Two-Year Gap

That means the base of his political power—chief executive of a major state—will be cut off at the end of 1966. With one possible exception there would be no office open that year that he could seek as a springboard for 1968, should Goldwater fail to win this fall. There is no senatorial election in 1966.

Consequently, should Scranton have presidential aspirations in 1968, there would be a two-year gap in his public career.

The still young Scranton—he'll be 47 Saturday—is the multimillionaire scion of the family that gave the city of Scranton, Pa., its name.

With his private resources, plus his prestige as a former governor and presidential aspirant, Scranton probably could keep himself in the public eye on the lecture circuit and by writing articles.

## Officers Named By Fire Chiefs

GRAND RAPIDS (AP)—Holland Fire Chief Richard Brand was elected president of the Michigan Fire Chiefs Association in annual convention here Wednesday.

Officer elections and a decision on Lansing for the 1965 session concluded the meeting attended by some 400 persons.

By resolution, delegates called upon the legislature to amend the law protecting doctors from civil liability at emergency sites to include firemen and all public safety officers who might administer emergency first aid.

They also condemned elastic gasoline containers and urged legislation requiring automatic sprinkler systems in nonfire-resistant homes for the aged.

Rounding out the officer slate delegates elected as First Vice President Harold Fiechsig, Roseville. Second Vice President Dennis Ward, Muskegon.

Secretary Edward Klucka, North Muskegon and Treasurer Cyril Schultz, Saginaw.

## Indigent Felon Appeals Topping Judicial Topics

Most of the members of the Michigan Supreme Court were expected here today for a meeting with circuit judges of the Upper Peninsula on new elements in the law.

Chief Justice Thomas M. Kavanagh was to preside at the sessions in the Delta County Building. With the justices were State Supreme Court Administrator Meredith H. Doyle and his deputy, William Hart.

On the agenda for discussion by the supreme court members with the circuit judges were two main subjects:

1. Pretrial and discovery procedures, with a view toward

amendments for clarification of the rules.

2. And, most important: the new indigent prisoner appeal situation.

A combination of elements has created this situation. One of them is the new Michigan Constitution with grants apportioned as an absolute right in all criminal cases.

Other contributing factors are three decisions of the U.S. Supreme Court within the past year requiring that in states like Michigan which grant appeal in criminal cases as a matter of constitutional right; that an indigent (person unable to pay a lawyer) sentenced to a term in prison can get a free lawyer and a free transcript of the testimony in his hearing on which to base an appeal, at the expense of the county in the case.

The results of this opening of the doors of the state's prisons to appeal of their convictions by all the prisoners who can't afford to finance their own appeals, is beginning to hit the state's courts now. Every week there are more and more appeals being filed in such cases.

The implications are obviously huge and unsettling in Michigan judicial process and the end is not in sight. This developing crisis was to be top item in the discussions of the supreme court justices and the circuit judges here today.

The appearance of Court Administrator Doyle is the first in official duty here since his recent heart surgery in Texas. Chief Justice Kavanagh was leading a group of justices flying in this morning for the session.

Justice Michael O'Hara and Doyle were to drive up from Menominee this morning. Justice Eugene Black was here overnight.

Funeral services were held Wednesday at St. Paul's Cathedral in Milwaukee and burial was in that city.

## Parents Want Bus Continued

Representatives of a group of parents seeking to retain school bus service for an area on Escanaba's south side, who petitioned the Area School Board at its meeting Tuesday night, today said the school bus that serves their children is not the only one operated in the city by the Board.

"In reply to the statements made and published in the July 15 edition of the Press by the Area Board of Education, we would like to bring to the public's attention that not all of the school buses inside the city limits have stopped," the group stated.

"To our knowledge, ours is the only one. The Franklin bus is still going to run as is the one from Sylvan Point to the city limits."

"We are not asking for what the Board calls a 'special' bus. We have had the transportation for over 20 years. We are not asking for a bus. We are asking them not to take ours away."

"In the past years to our knowledge no one has complained about our having a bus, when their areas don't, as the Board is now afraid of."

"We live over the prescribed 1½ miles from the nearest school (a very small per cent of the children in our area attend this school)."

"As to the question about the money paid out for hiring a superintendent of schools, this was a private view and not that of our group," the statement concluded.

**Erickson And Hengesh Win Honor At Ferris**

**BIG RAPIDS** — John W. Erickson and Edmund J. Hengesh of Escanaba were among the nearly 650 Ferris State College students who were named to the Dean's Honor List for academic excellence during the past quarter. Dr. Ardwinn J. Dolio, vice president for academic affairs, has announced.

To be named to the Dean's Honor List a student must maintain at least a B average while carrying a full academic load.

Erickson, freshman in the Trade and Industrial Division is the son of Mr. and Mrs. Oliver Turan, Escanaba; Hengesh, senior in the School of Pharmacy is the son of E. J. Hengesh Sr., Escanaba.

**Teacher Camp Opening Sunday**

Resource people and students are ready for the opening of the fourth "Teachers' Conservation Scholarship School," at Michigan State University's Camp Shaw near Chatham July 19-25 and Aug. 2-8, 1964. Preparations for the one-week programs have been made, according to Rod Smith, education consultant, Department of Conservation, and director of the school.

Teachers from throughout the state, some paying their own way and most sponsored by clubs, soil conservation districts and boards of education, will arrive Sunday afternoon.

The first three years of operation saw 128 Michigan teachers attend and take valuable new understandings back to the classroom.

## U. P. Writers To Meet July 18-19 On NMU Campus

**MARQUETTE** — Plans for the second annual Upper Peninsula Writers Conference were completed when the Conference Planning Committee, composed of representatives from throughout the U. P., met recently in Iron River.

The conference, to be held Saturday and Sunday, July 18-19, on the Northern Michigan University campus, will be a two-day seminar for writers and aspiring writers, and will include workshop sessions in various forms of literature.

Speakers at the conference, and their topic of discussion will include Theodore Richer, short story; Paul Ripley, novel; Gary Gilder, novel; Charles Gable, feature writing; and Mrs. Nancy Weigel, poetry.

Also participating will be Attorney William Barrett of Lorain, Ohio, author of several books on and of poetry.

Persons interested in attending the Writer's Conference are asked to contact Mrs. Robert Shovald, 209 5th Ave., Iron River.

## State To Close Fish Hatchery At Watersmeet

The Conservation Department said today it intends to close down four fish hatcheries by the end of the year.

They are at Grayling, Paris, Watersmeet and Benton Harbor.

Conservation Director Ralph MacMullen said the move will save \$250,000 a year eventually, and the money will be applied to other phases of the program including artificial lake construction and land purchases.

Employees assigned to the hatcheries will be given other duties.

MacMullen said the Paris and Grayling stations will be converted to multiple-use field offices with expanded work crews, while the other two hatcheries will be closed.

**Rock**  
Honored at Shower  
Miss Alice Salmi was honored with a kitchen shower recently at the home of Mrs. Roman Gill. Members of the family attended. Hostesses were Mrs. Gill and Mrs. Lawrence Wilcox. Miss Salmi and James Larson will be married at the St. Joseph church in Perkins July 25 at 11 a.m.

**Baby Shower**  
A surprise pink and blue shower was held at the home of Paul Johnson in honor of Mrs. David Koski. Members of the bowling team made the arrangements.

**Mr. and Mrs. Norman Larson** and family returned Friday from a two week visit with Mrs. Larson's parents, Mr. and Mrs. Orville Hellsvig and other relatives in Devil's Lake, N. D. Enroute here they visited the Arlen Johnsons in Fairchild, Wis. Sonja, daughter of Mr. and Mrs. Harold Berquist who has been visiting the Johnsons for the past six weeks, returned with them. Her brother, Gary, remained there and will return to his home in late August. Mrs. Johnson was formerly June Larson, sister of Mrs. Berquist and Mr. Larson.

George Grzyb, his son, Fred, and Mr. and Mrs. Robert Grzyb and children of Chicago are spending the week at the George Grzyb home.

Mrs. Melvin Teal and children went to Levering, Mich., for a weekend visit with her husband, who is employed there.

The Kenneth Palmgren, Roy Bergstrom and Dan Dlugas families spent Sunday at Hamiliton Lakes where they enjoyed water skiing and picnicked.

Mr. and Mrs. Paul DeBen, the Leslie Sundquists and Ray Raymonds were in Sturgeon Bay for the weekend.

Mr. and Mrs. Herman Palmgren were at Lake Antoine, near Iron Mountain for a week. Mr. and Mrs. Frank Adams visited with them Sunday.

Mr. and Mrs. Ralph Vatalora returned to their home in Duluth after vacationing the past week at the Louis Wangles home. Guests this week are Mr. and Mrs. Louis Wangles Jr., and sons, John and Larry, of Elmwood Park, Ill.

## Red Pine Pole Trade Boosted By Peeler Test

The U. S. Forest Service demonstrated the feasibility of manufacturing red pine poles for treatment with the cooperation of the Lakes States Wood Treating Co., Inc., of Quinnesec Wednesday in the Hiawatha National Forest.

The Treating Co. is now handling 7,000 to 8,000 poles a year at its treatment plant. It cannot keep up with its orders and wants to double its production. It has been buying some pole stock in the Black Hills of South Dakota and elsewhere, but it wants to concentrate on poles supplied from this area.

It can be done handily, says George Semmens, timber managing assistant of the Hiawatha National Forest staff.

Semmens said that the Hiawatha, which extends from Escanaba to Sault Ste. Marie, has a lot of red pine pole stock in natural stands and a great deal of the material coming up in the forest plantations. He said that the production of red pine poles is economic and that the price of \$7 for a 35-foot red pine delivered at Quinnesec was "real good." Pines of that size are usually 60 years old or more.

Lake States set up one of its portable pole peeling units on land of Floyd Pomoroy above the Mormon Creek truck trail in the Hiawatha Forest Wednesday for the demonstration.

The peeler handled the stock with relative ease, accommodating the length on little trucks on a track from both sides of the rotary peeler.

Richard Orler, head of Lake States, said that his firm prefers pole stock cut in the fall or winter, as summer cut poles tend to slip in the peeler because of sap content.

It required 25 minutes to set up the portable peeler and have it operating from time of arrival of the truck bringing it. Three men and a tractor are used with the peeler and it averaged 2.5 minutes per pole, which ranged from 30 to 45 feet in length and averaged 35 feet.

Orler said that a peeling process is used to treat the poles and that with it they should have a life of 30 to 35 years in the ground.

Orler said that his firm supplies utility companies of the Upper Peninsula and other firms with poles. Most of its stock now is cedar. "But we are in transition," said Orler, "and will be producing predominantly pine poles soon. Pine makes fine utility poles. The red pines are tall and straight, they are slim butted and they have high tensile strength."

Much of the projected production of red pine poles will be peeled in the woods and dried there for economies in trucking to the treating plant at Quinnesec. Orler said that the resulting product is firmly competitive with other substitute poles for utility lines in this area.

**Day On Campus**

A "Teacher Day on Campus" will be held at Northern Michigan University, Marquette, July 22 by the Michigan Education Association's Department of Classroom Teachers.

Teachers and school administrators from throughout the Upper Peninsula will attend the session which will begin at 9:30 a. m.

Mr. and Mrs. Herman Palmgren were at Lake Antoine, near Iron Mountain for a week. Mr. and Mrs. Frank Adams visited with them Sunday.

Mr. and Mrs. Ralph Vatalora returned to their home in Duluth after vacationing the past week at the Louis Wangles home. Guests this week are Mr. and Mrs. Louis Wangles Jr., and sons, John and Larry, of Elmwood Park, Ill.

## Delta Beverage Association Is Given Charter

The Delta County Licensed Beverage Association received its charter at a meeting at the Sherman Hotel Tuesday evening. The presentation was made by State President Desmond Roat of the Michigan Licensed Beverage Association and was received by Vagn Gydesen, president of the Delta County unit.

Problems of the licensees were discussed by Roat who said there is need for a tax reduction for the industry if it is to survive.

Inhibitive taxes will ruin the industry that has become little more than a "tax collector for the State," said Roat. The excessive taxes he added, are also a burden on the consumers. The impossibility of multiple lawsuits in intoxication responsibility following accidents was also cited.

The law requiring a photograph of the driver on the driver's license should aid in stopping the minor violation citations and help the licensee in identification of persons being served, Roat added.

The state officers present at the meeting included President Roat, Lansing; Lester Beruth, Greenville, first vice president; Gerald Schoenlen, Warren, second vice president; Leo Wilson, Midland, third vice president; John Levandowski, Lansing, secretary-treasurer.

## 4-H Groups Busy At Camps

**ROCK** — Students who attend the Rock school, but are in two different counties and belong to different 4-H clubs are busy at 4-H camps this week.

Sally Waak and Nancy Welldum of the Rock 4-H club, Delta County, are spending four days at Camp Shaw. Nancy will give a demonstration in photography on "How to Develop Negatives and Make Contact Prints." Cheryl Larson and Tina Mankiewicz have returned after spending four days at 4-H camp at Wells State Park.

West Rock 4-H members who belong to the West Rock 4-H club, Marquette County, are Nancy Linjala, Mary Kay and Rita Kaukola who will go to Camp Shaw on Thursday to take part in the Dairy Judging contest.

Attending 4-H camp at Sawyer Lake for four days are Ellen and Elaine Bakka, Joanne Niemela and Susan Latinen. Carol Niemela is camp counselor this week.

## Helicopter Co. Needs Money

**MENOMINEE** — Directors of R. J. Enstrom Corp. have notified stockholders that "we are unable to continue operations unless the remaining 9,000 shares of stock are sold."

The 9,000 shares remain from a 30,000 share offering made last November. The shares are being sold for \$10 each.

"We have less than 60 days remaining to complete the tests required for Federal Aviation Authority certification of our helicopter," the letter said. "It has passed all the endurance tests and only the final flight tests remain."

Since the helicopter firm was organized five years ago, nearly \$900,000 has been raised from the sale of stock. The company has 55,000 stockholders, 3,500 living in the Menominee-Marquette area.

"As things now stand," the letter stated, "we will be unable to meet the next payroll. If the stock is not sold, we will have no choice but to lay off the crew and attempt to sell the company."

President Jack Christensen said that Enstrom has received many invitations to move its operations to other states.

The Enstrom F-28 helicopter is a three-place machine that sells for \$27,400.

Last November, the firm moved into a new building at the airport erected by the Menominee Industrial Fund, Inc.

## U-M Recorder Is Chosen For Orbit

**ANN ARBOR** — A University of Michigan radio astronomy experiment is among 22 selected for the fifth Orbiting Geophysical Observatory (OGO-E) satellite, the National Aeronautics and Space Administration announces.

Scheduled for launching in 1966, the satellite will carry 220 pounds of scientific instruments in an orbit swinging out as far as 92,000 miles from earth and as close as 170 miles.

The U-M Radio Astronomy Observatory (RAO) now has been chosen as an experiment aboard every one of the five OGO series satellites.

In a package that uses only 5 watts of power, the U. M. experiment aboard OGO-E is designed to measure the spectrum of cosmic radio "noise" from our local galaxy, the Milky Way, at eight different frequencies.

## Fires Down

Nineteen forest fires burned 10 acres in the Upper Peninsula in the week ending July 11. Six fires burned 1.5 acres in the Escanaba Field Office area which to date has had 78 fires burning 166 acres. A total of 301 U. P. fires burned 1,033 to date. Last year at this time there had been 321 fires reported burning 1,349 acres.

## Freak Accident Kills Girl, 5

**TRENNARY** — Barbara Gember, five-year-old daughter of Mr. and Mrs. Robert Gember of Franklin, Wis., was killed in a freak accident near her home Saturday afternoon.

Barbara was riding a tricycle and collided with another child riding a bicycle and the handlebars apparently struck her neck.

Mrs. Gember is the former Eloise Cunningham of Trenary and the family spent their vacation last week with her parents, Mr. and Mrs. Walter Cunningham. They had just returned from their vacation when the accident happened.

Besides her parents, Barbara is survived by: a brother, James, a sister, Nancy, her paternal grandparents, Mr. and Mrs. Edward Gember of Milwaukee and the maternal grandparents.

Funeral services were held Wednesday at St. Paul's Cathedral in Milwaukee and burial was in that city.

# Arizonan Gets Nomination In Single Rollcall

(Continued from Page 1)

Finally elected at tonight's closing session.

## Pendulum Swings

Miller, 44 and a Roman Catholic, would be calculated to bring to the ticket a skilled campaigner noted for his rough and tumble political battling. Goldwater has designated him as "a gut fighter."

The new GOP presidential nominee is an Episcopalian. He still holds an interest in swank retail clothing stores in Arizona.

The senator demonstrated from control of the party and the convention in contrast to four years ago when, in withdrawing his name from consideration for the nomination, he urged conservatives not to desert the GOP.

This time, it was the party's moderates and liberals who had to march into the glaring lights on the podium to urge their supporters not to take a walk. The pendulum had swung to the right in those four years.

## Count 883 To 214

The single roll call, pursued to the end in the overcrowded Cow Palace, showed the overwhelming manner in which the Arizona senator had made his views popular with the 1,308 delegates. The count showed, Goldwater 883 and Scranton 214.

The other votes were divided this way: Henry Cabot Lodge 3, Rockefeller 114, Sen. Margaret Chase Smith 27, Sen. Hiram Fong 5, Walter Judd 21 and Gov. George W. Romney 41.

At this point a chipper and smiling Scranton appeared dramatically to walk the long length of the platform to the rostrum where, framed in the lights and in the eye of the television cameras, he moved to make Goldwater's nomination unanimous. The hall burst at the seams with the thunder of approval.

Recalling that four years previously Goldwater had stood where he was, Scranton, his face solemn for the moment, told the delegates that the time had come when "an honorable man can say that the sense of this great convention has become abundantly clear." His view had not prevailed, he conceded.

"The Republican party... must now emphasize its unity, not its differences," Scranton said. His voice was drowned out for the moment by the roar from the convention floor and from the galleries.

## Call On Winner

Although all the other candidates quit, there still remained on the official record to controvert the convention's shouted approval of Scranton's unity motion, 17 votes for Scranton, 31 for Rockefeller, and 51 abstentions from New York.

To soften the bitter attacks they had made on him in the pre-convention campaign, New York Gov. Nelson A. Rockefeller and Scranton hurried to Goldwater's headquarters in a Nob Hill hotel to talk with the winner.

Rockefeller, pushing his way through a crowd of newsmen, said "I congratulated him on a tremendous victory." Scranton called next, shortly after Goldwater read a television-radio statement in which he said of the Pennsylvania governor's convention appearance, "I know somewhat how he felt."

All of these efforts to substitute harmony for dissension among the Republicans brought a speedy blast from Democratic National Chairman John M. Bailey.

## Clean Campaign Pledged

In Washington, Bailey put out a statement saying that the Republican party "has been captured by a radical minority... completely divorced from the heritage and principles of our nation."

In an obvious indication of the kind of campaign the Demo-

crats intend to launch against Goldwater, Bailey added:

"That radical minority has dictated the choice of a candidate whose purpose is to divide rather than unify the country and whose philosophy has been described by his own party members as a menace to the pace and progress of America."

Goldwater, appearing on television after the convention had acted, pledged a vigorous but clean campaign against Johnson.

He will not engage in "a personal attack," the GOP nominee said, but will "campaign on the issues solely."

Goldwater's earlier assessment of Johnson Wednesday, however, had been that the Democratic president was "the biggest faker in the United States" and the "phoniest individual who ever came along." He made these comments in an on-the-run meeting with reporters.

## Windup Tonight

Why did he want to be president, he was asked.

"The Republican cause needs a chance and the conservative cause needs a chance" to be presented to the voters, He said that foreign policy, "the abuse of law and disorder in this country," and the "the mounting crime rate" will be issues in the campaign.

The convention headed into a getaway session today at which it was scheduled to verify by its balloting Goldwater's choice of his running mate.

Goldwater's acceptance speech, on which he began work several days ago, would follow that of the vice presidential nominee's acceptance and wind up the convention.

The presidential candidate scheduled a meeting for Thursday with the GOP National Committee to tell members his choice for their new chairman. He was expected to be Denison Kitchel, Arizona who has directed his campaign from the beginning.

With the party organization firmly in his control, Goldwater is expected to move later to call a summit meeting of party leaders. Presumably these would include Eisenhower, former Vice President Richard M. Nixon, Scranton, Rockefeller, Miller and various others.

**STAEBLER CRITICAL** SANDUSKY (AP)—Rep. Neil Staebler, Democratic candidate for governor, said today the Republican nomination of Sen. Barry Goldwater for president is a GOP step to "repeal 35 years of progress."

Staebler assailed Goldwater and Gov. George W. Romney in a statement. Staebler and Romney, a Republican, probably will face each other in next fall's Michigan election of governor.

Staebler said Goldwater and Romney "have the same suspicion and hostility" toward the federal government and that their views and blindness... would move this country backyards.

The congressman-at-large also said the Republican convention's failure to repudiate the John Birch Society would encourage extremism and contribute to the "most bitter campaign in history."

Staebler spoke Wednesday night to a Sanilac County Democratic dinner.

## Factory Output Boom Extended To 10th Month

WASHINGTON (AP)—Factories turned out more automobiles, furniture and other consumer items last month to help increase industrial production for the 10th straight month. The output of business equipment also advanced.

The Federal Reserve Board reported Wednesday its index of industrial production, the output of factories, mines and utilities, rose during June from 131.2 to 131.8 per cent of the 1957-59 average. The index was 125.5 a year ago.

## Illness Is Fatal To Ensign Girl, Margaret Sargent

Margaret Sargent, 15, daughter of Mr. and Mrs. Richard Sargent, Ensign, died at St. Francis Hospital at 10:40 a. m. Wednesday. She had been seriously ill three weeks.

She was born in Muskegon Dec. 8, 1948, and moved to Ensign with her parents when she was a child. She had just completed her freshman year at Nahma High School. She was a

member of Bethany Lutheran Church, Isabella.

Besides her parents she is survived by two sisters, Colleen of Muskegon and Jeanette, at home, two brothers, Edward with the U. S. Air Force at Goose Bay, Labrador, and Richard Jr., at home, and her grandmother, Mrs. Ada Denesen of Nahma.

Friends may call at the Boyce Funeral Home from 3 to 9 p. m., today. The body will be removed at noon Friday to Bethany Church in Isabella where services will be conducted at 1 p. m., by the Rev. Ingmar Levin of Manistique. Burial will be in Moss Lake Cemetery.

## Missing Bodies Found In Bay By Searchers

MARINETTE, Wis. — Two bodies, missing since Saturday after boating mishaps on Green bay, have been recovered after many hours of searching which involved hundreds of persons.

The body of Fred Soeller, 67, of Peshtigo, was recovered at 7:30 p.m. Tuesday and the body of Jack Hubert was recovered at 7 a.m. Wednesday. Both bodies were found floating near the scene of the mishaps about two miles north of Oconto.

Soeller was fishing from a boat with Albert Martin, 60, of Peshtigo, when their craft capsized. Martin was rescued after being in the water for five hours. He was able to stay afloat with the aid of a seat-cushion type of life preserver. Soeller did not have a life preserver.

Hubert was one of a party of three fishermen who also were thrown into the water by high waves Saturday about 6 p.m. only two hours after they had left the Oconto dock. The body of one of them, Franklin Scheewe, 30, of Marinette, was recovered Sunday afternoon near the mouth of the Oconto River. He was wearing a life preserver. A third member of the party, Richard Kloida, 33, of Marinette, was rescued Sunday morning after he had clung to the boat for 16 hours.

## Hope Pinch-Hits For Kennedy At Milwaukee Game

HOLLYWOOD (AP)—Comedian Bob Hope is going in as a pinch-hitter for a senator at a baseball game.

The senator is Edward Kennedy, Democrat of Massachusetts. Hope said he plans to substitute for him at a fund-raising appearance Friday between games of a Pittsburgh - at-Milwaukee doubleheader.

Sen. Kennedy, recuperating from injuries received in a plane crash, asked Hope to fill in for him at the charity benefit for the John F. Kennedy Memorial Library.

THE CHRISTIAN RADICH, 205-foot square-rigger from Norway, moves past the New York skyline at the Battery for a sail up the Hudson River. The craft is one of 11 state-ly square-riggers of a bygone age taking part in "Operation Sail". (AP Wirephoto)

## Briefly Told

**Amvets Post 123** will hold a meeting today at 8 p.m. at the Clubrooms at 1311 N. 21st St. Members are asked to park in the rear.

**Leonard Couillard** signed his own release from St. Francis Hospital Wednesday after an examination for appendicitis. Couillard is in the Delta County jail pending arraignment at Delta County Circuit Court for non-payment of alimony.

**Harmony singers**, Barbershop variety, meet at Carpenter's Hall this evening at 8. Lunch will be served.

**The Concealed Weapons** Board of Delta County will meet at 3 p. m., today at the

courthouse. Applications received at this time will be reviewed.

**Application for a marriage** license was made with County Clerk William Butler by Robert J. Pascoe, 2115 S. 23rd Ave., and Helen L. Bohan, 309 S. 11th St.

**An immunization clinic** will be held Friday from 2 to 4 p.m. at the Delta County Building. Next week the clinic will be held on Thursday at the same time.

## Public Quick To Recognize Quality Bargains

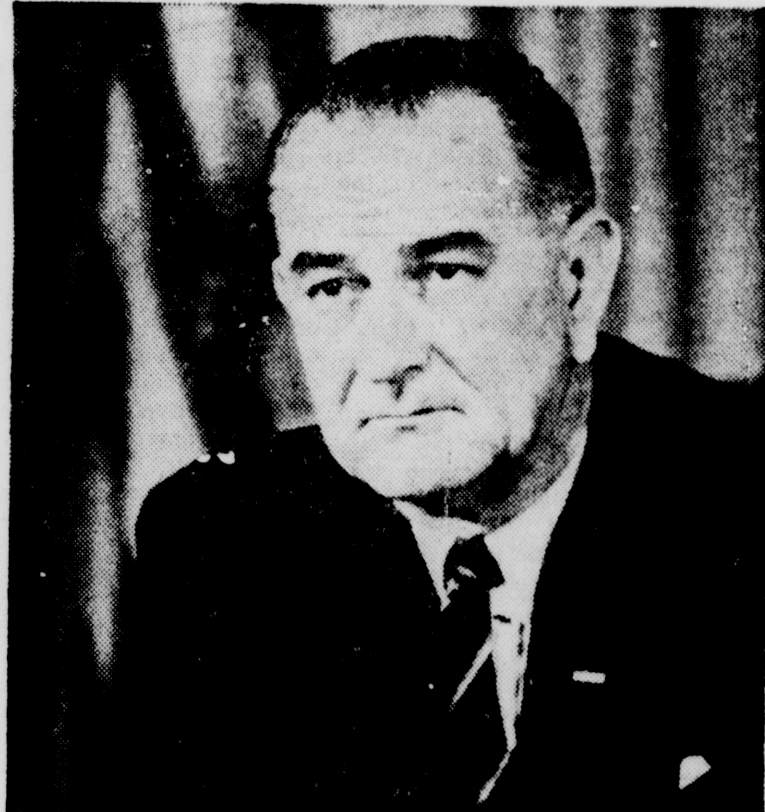

The general public, in and around Escanaba, is unusually quick to recognize real value in quality merchandise offered in the local trading area. An example of the lightning response to offerings of better-than-usual values was observed early this week when a local men's apparel clearance was advertised.

Prices were drastically reduced by Anderson - Bloom Men's Wear of 1204 Ludington Street in Escanaba, and advertised as the store's Semi-Annual Clearance. Response was tremendous, and the store reports this to be the case year after year when these sales are advertised.

It has been the policy of Anderson-Bloom to carry large stocks of nationally known quality lines of men's apparel—more stock than can be sold during the regular selling seasons. It is felt by the management of this store that a store-wide clearance is necessary for good business. It is appreciated by the shopping public and the store is clean of old stock when new merchandise is presented for sale.

Extra sales people assure quick service during this period when business is really rushing at Anderson-Bloom.

## Nominee Goldwater

Senator Barry Goldwater of Arizona attained a smashing first ballot victory for Republican nomination for President in the party's national convention at San Francisco last night.

The Republican party's task now is to unite its elements so that the strongest possible front may be presented by the nation's conservative political organization in the Nov. 3 election campaign. Some sincere opposition to the party platform and to the nominee's position and particularly to extremist elements in the party were voiced at the convention, but history shows that these differences of opinion within the party have a way of finding some sort of working relationship after the die is cast and the nominee chosen.

Barry Goldwater is not a caricature of a politician and the man's true character will emerge more clearly in the campaign as result of his own speaking and that of his fellow campaigners, and from the crossfire of opposition claims.

In the heat of the convention there are always temptations to "take a walk" when some strongly held belief is not adopted as party policy, but the temptation to splinter has not been indulged by the Republicans since Teddy Roosevelt's Bull Moose Party days.

The Democrats are as widely separated in their views as are the Republicans, or even more so, and yet they manage a working relationship. In this presidential election year they have the good fortune to have a politically able incumbent who is eligible for election so there is no occasion for the contentious elements within the party to talk secession.

The Republicans will be well advised to close their ranks, now that their leader is chosen, because their greatest hope of prevailing with a conservative influence in federal government lies within their party and not in making, it—the minority party—even weaker by splinter tactics and separatism. The unifying process will not only impress the voting public with the possibilities of victory, but it will greatly increase the effectiveness of the party.

That it has undergone a revolutionary change away from its traditional old Northeast U.S. moorings was obvious at the San Francisco convention. Change is always somewhat traumatic, but it is inevitable and it is often good. What the Republicans do with their new party orientation will determine its quality and influence, not the mere fact that it is changed and has some new kingmakers with a different view than the familiar "across the Atlantic" view of the old ones.

Both parties are beset by serious problems. Racism is the greatest here at home. The underdeveloped nations—and particularly those in the Western Hemisphere—are a huge foreign problem. And the dire threat of communism hasn't diminished a whit. Let both parties tell the American people what they propose about these problems.

## Science Aids Art

The alleged erosion of human values by the growth of science is such a belabored topic of editorial writers and social commentators that sometimes a scientist just has to object.

It's not technology vs. the arts or scientists vs. the humanists, says Glenn T. Seaborg, a native of Ishpeming, who is chairman of the Atomic Energy Commission. It's science and the humanities.

He cites a number of instances to illustrate his point:

- The long-lost Greek city of Sybaris (from which we get our adjective denoting luxurious living) was recently discovered by using a device that detects the infinitely small disturbances in the earth's magnetic field caused by buried walls or other structures.

Before this, historians could only speculate on the exact location of this once-important city.

Other examples of science's contribution to archaeology and history involve radioactive dating.

- We now know that the famous monuments in Stonehenge England were erected about 3,500 years ago. Geologists have found where the rocks for them were quarried.

- We know when Hammurabi, king of Babylon, promulgated his famous laws (about 1750 B. C.) which influenced succeeding ages.

- We know approximately when the first city, Jericho, was built — 8000 to 6000 B. C., when northern Europe was still in the Ice Age.

- As for man himself, a paleontologist found the bones of the oldest manlike creature, but two physicists revealed his age — 1.7 million years.

In other fields:

- Neutron bombardment of paintings is revealing new information of the techniques used by the old masters and may also be used to detect forgeries.

- Computer technology is being employed in Italy to prepare a concordance of the three million words in the great "Summa Theologica" of St. Thomas Aquinas.

The impact of science and technology on the arts through such taken-for-granted things as books, newspapers, films, radio and television and recordings is well-nigh immeasurable.

Science has fantastically increased the opportunities of the average person to cultivate the humanities and the arts. More than that.

"By multiplying the choices available to mankind," says Seaborg, "and by creating choices where none existed before, science has opened up new realms for the assumption of responsibility."

And it is the assumption of responsibility that marks not only the mature individual but the mature civilization.

## Questions And Answers

Q—What was the first American newspaper to be printed on a regular basis?

A—The Boston News-Letter was published in 1704 by John Campbell.

Q—In Christian art what does the book in the hands of St. Stephen symbolize?

A—It represents the Old Testament.

Q—What is the story of the Washington Elm that stood near the Senate wing of the U. S. Capitol until 1948?

A—President Washington was said to have stood under it of fabled by any scientist but by ten to watch the construction of a Bedouin shepherd boy. The of the Capitol.

## From the Foothills of San Francisco---

## Washington Comment

By RAY CROMLEY

DETROIT — (NEA) — The feeling one gets from talking to negotiators in the big automobile industry-United Auto Workers contract talks is that the auto workers are going to come out of the protracted negotiations this fall with sizable wage increases, direct and indirect.

But the big fight is going to be over how much say the unions shall have in determining the rules under which union men work.

Management men grow nervous and tense even when they talk privately on this problem. Union men are giving evidence of a determination to have an increased say on work rules—determination of an intensity that hasn't been evident in recent years.

Thus the signs are that fighting on this front will be long and bitter. Management men think they can handle wage increases and still manage to beat foreign competition and sell a record number of cars in the current boom market. (They don't say how far they can go in raising wages without raising prices.)

But because they don't know at the beginning of an automobile year exactly what models the public is going to buy (witness the unexpected boom in Ford's Mustang and the failure of Ford's Edsel a few years back), the only way auto management men see to meet market changes is to make quick shifts in the mix of cars going through their production lines.

These shifts require changes in the work assigned to individual men (or in the amount of work done by individual men).

Management men say that a cutback in management's ability to freely make these changes without negotiating with the union in each case would destroy management's ability to make the quick shifts they must make to keep costs down and compete in an erratic and fluctuating market.

(Even when over-all demand is high, the demand for any particular model or type may vary up or down rapidly in an unpredictable way.)

These management men say, therefore, that they can take high wages a lot easier than they can accept tying their hands on how they shall assign labor.

Union men say they're finding that while increased automation is relieving workers of much backbreaking effort, it is bringing more boredom. A worker feels psychologically better off if he can work rapidly for awhile, then coast, then speed up again, on a schedule of his own choosing.

With today's automation, the worker can't do this. He can leave his machine now and again when a relief worker steps in to spell him. But he can't just drop his work when he gets tense and walk out in the hall to unwind for a minute as an office worker or many other production workers can. He must wait for someone to relieve him. So he feels tied to the machine.

Auto men report a rising pressure from workmen for the right to leave machines when they want, providing they do an agreed-on amount of work in a day.

Management men say that because the modern auto production line is a continuous

process, if one man leaves his job, the whole line may grind to a halt.

A top management man in one of the major automobile companies says, "I see the problem. I recognize what these men are saying. But I don't know how to change it."

"If we're going to make cars, we can't be stopping the line all the time. We can't negotiate either every time we want someone to do something different from what he's been doing."

The final settlement of these problems is expected to have wide repercussions. Some government economists think any auto worker wage and work-rule gains will be reflected in wage-work agreements made in a sizable number of other industries during the next 24 months.

## BARBS

By HAL COCHRAN

There really isn't any use in thinking there isn't any use.

A fellow works hard to attain success and then his friends call him lucky.

Kids hop, skip and jump on sidewalks and grown-ups on streets when jay-walking.

With vacation time here the restless age with grade schools kids is between seven in the morning and bedtime.

## The Doctor Says:

### 'Magic Pill' Well-Tested

By Dr. Wayne G. Brandstadt.

Anything that improves your health or cures disease has always been looked upon as some sort of magic. This difference between the magic of the witch doctor and your family physician is that the latter uses drugs that have been scientifically tested first on animals then on human volunteers. The tests involve large series of persons, control studies with mock pills that have no active ingredient, and careful statistical analysis.

As a result of improved drugs and other medical advances the death rate in the United States has been reduced about 45 per cent since 1900. Two-thirds of all the drugs sold today had not been heard of 25 years ago. The more powerful drugs of today are not, however, without their hazards.

For that reason you should follow your doctor's directions for their use precisely. If after taking a drug for a few days you have not improved you should consult your doctor. He may want to adjust the dosage or reassess you that improvement will come, or advise a different course of treatment.

Under the law all drugs are divided into two categories: prescription drugs and over-the-counter drugs. Those that can be legally sold only on a doctor's prescription are so classified for your protection. Your doctor will base the dosage on your age and weight and the effects desired. For this reason the drug should not be passed on to other members of the family or neighbors who appear to have the same symptoms.

They may need a different dosage or may have an entirely different disease. By the same token, any remnant of your prescription should not be used at some later date when you think you have the same condition without consulting your doctor. The drug may have deteriorated or the symptoms may have a different cause.

Over-the-counter drugs are to be taken only for minor complaints that should normally clear up in a few hours or a few days. Do not use them over a prolonged period without your doctor's knowledge and approval. Above all don't fall for the glowing sales talk put out over radio and television.

## Vital Payant Of Ironwood Heads Veterans

GRAND RAPIDS (AP)—Vital Payant of Ironwood holds office as the new commander of the Michigan Veterans of World War I.

He was elected Sunday when the organization, with about 750 persons attending, concluded its annual convention and selected Saul Ste. Marie for the 1965 meeting.

The convention adopted one resolution calling for federal pensions for all World War I veterans; and their widows and another protesting any action toward discontinuance of chaplains in the armed forces.

Payant moves up from his former position as senior vice commander. His vacated post was filled by Harold Schneider of Ann Arbor.

Michael Macalla of Detroit was named junior vice commander, Charles Cooper of Clare won election as judge advocate, Glenn Carpenter of Lansing was re-elected chaplain and William Tarr of Ludington was re-elected quartermaster.

Mrs. Eleanor Anderson of Bay City was named president of the MVWV ladies' auxiliary. Other officers which went to U.P. members were patriotic instructor, Jane Talbot, Saul Ste. Marie; banner bearer, Anna Molligoni, Menominee; flag bearer, Estelle Lord, Iron River; deputy chief of staff, Anna Payant, Iron Mountain; Americanism chairman, Jennie Stancliff, Iron Mountain; of the Department Auxiliary.

## Memory Lane

By J. R. LOWELL

Ten Years Ago

Rayne H. Labre, former Delta county clerk, was fatally injured in an accident at Belgium, Wis. Employed as a brakeman for the C&NW, he was about to board a caboose when the accident occurred.

Cyril J. Mantl, of Menominee, has been hired to serve as superintendent of Powers-Spalding schools for the coming term.

Mr. and Mrs. S. C. Hannon of Wilson will observe their golden wedding anniversary on July 19. They have been residents of the Wilson vicinity for the past 40 years.

Twenty Years Ago

Roland Larson, deputy revenue collector, issues a warning that the federal motor vehicle \$5 tax is being ignored by many motorists. Those cars without stamps attached can subject the owner to a \$25 fine he says.

The Office of Price Administration reports that shortly all restaurants must post a notice in the place setting forth the price charged for each item of food and there must be no deviation in these prices. It also serves notice that after July 29, coffee will be five cents per cup—no more.

The fighting in the European Zone, particularly along the coast of France must be terrific for nearly every community in the area lists some casualty.

Thirty Years Ago

James McCready, 79, a resident of Escanaba since early youth, died today at his home at 422 S. 13th St. For many years he was employed as a trimmer at the ore docks. Friends may call at the Murphy Funeral Service at 106 N. 14th St.

Alex Madalia was elected commander of the Escanaba post of the American Legion.

John E. McCarthy, road engineer for Schoolcraft county for the past 18 years, tendered his resignation to the board today.

## Wisconsin Buys Rock Island As State Park Area

MADISON, Wis. — Rock Island, a wilderness area off the northern tip of Door County, was added to the state park system recently when Gov. Reynolds signed a contract to buy it for \$175,000.

The state acquired 775.8 acres on the island from the estate of C. H. Thordarson, a Chicagoan who made a fortune on electrical inventions. The federal government owns 130 acres of the island.

Reynolds had inspected the island last summer and requested the purchase. Approval was given by the conservation department, the conservation commission and the state recreation committee.

Approval was given, however, only after several years of negotiations. The state missed several chances to acquire the island.

With tall bluffs, an untouched forest and a hushed valley rich in wild ferns, the island has been compared to Isle Royale, the national park in Lake Superior. It is located northeast of Washington Island, off the tip of Door County.

Thordarson, an Iclander by birth, bought the island in 1910 and attempted to build it into a show place of Icelandic culture. He kept the wilderness almost intact but added a few buildings in the Nordic style. They include a native stone boathouse with a 90 by 35-foot hall above it. There is also an ornate wooden gate to a museum that was never built.

Thordarson died in 1945. The only residents on the island have been a son, Dewey, and his wife, of Delray, Fla., who spend their summers there.

## Ann Landers

# World Can Use Good Listeners

Dear Ann Landers: I am a psychology major who seems perfectly competent when it comes to handling other people's problems but I can't seem to handle my own.

My friends call me the poor girls' Ann Landers. Everyone pours out his troubles to me because I am so "patient," so understanding, so easy to talk to.

At parties I'm always stuck with the bores and the drunks who have no terminal facilities. They corner me and unravel stories of unrequited love, miserable relatives and the secret fears and doubts they just "couldn't discuss with anyone else."

Frankly, I'm sick of it. My ears are tattered and torn. What can I do?—CORNERED CORA

Dear Cornered: Paste up those tattered ears and stay with it, Honey. The world needs you.

The good listener, like the whooping crane, is a vanishing breed. Everyone wants to talk, but few people are willing to listen.

I know about such things, because I hear from thousands of people every day who need to unburden themselves. Just listening can be a service.

Dear Ann Landers: Our 83-year-old mother is alert, pleasant and has a world of friends. She was getting along well until her companion and housekeeper died of a heart attack. The woman was only 67 and mother was deeply disturbed by her death. She now wants to move into a home for the aged.

My two sisters and I have offered mother a place in one of our homes but she is very stubborn. She promised herself years ago she would never live with her children and nothing can change her mind.

Frankly, Ann, we think these rest homes are all right for people who have no other place to go, but when a mother has children right in town, it looks to outsiders as if they don't want to take her in.

Will you please tell her she is wrong and we are right?—LOVING DAUGHTERS

Dear Daughters: I suspect you girls are primarily concerned with what people will say rather than how your mother feels.

She sounds like a wonderful woman and a smart cookie. I'm with her.

Dear Ann Landers: Will you please tell us what to do about a 12-year-old boy who still sucks his thumb?

Hugh is a good student and a fine athlete. We have never had any problems with him. He gets along fine with neighbors, friends and relatives. He started to suck his thumb when he was an infant and has never stopped.

When Hugh was four years old I spoke to our doctor about his thumb-sucking and he advised me to ignore it. A few years later I spoke to the doctor again because I had heard that thumb-sucking makes teeth grow in crooked. He said, "Nonsense. Forget it."

We have not mentioned this to Hugh in years but it is disconcerting to know that a 12-year-old boy is going to sleep every night with his thumb in his mouth. Do you have any advice?—M.L.

Dear M. L.: Your doctor gave you good advice.

Parents should never shame, scold or threaten a child who sucks his thumb. Concentrate on giving the boy more attention and praise—and reassurance that he is loved. He clings to this childish habit because it gives him a feeling of security.

When necking becomes petting, watch out! To learn how the smart girl keeps her dignity and her boy friend, send for ANN LANDERS' booklet, "Necking and Petting — And How Far To Go," enclosing with your request 20c in coin and a long, self-addressed, stamped envelope.

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.

## State Briefs

PAW PAW (AP)—Attempts to waterproof a toy rocket engine for underwater operation cost Allen Beckman, 18, parts of three fingers and injuries to his face, arms, legs and body. He was reported in fair condition at Community Hospital here. State police said the engine exploded Sunday in the youth's hand as he tried to coat it with melted wax in his basement.

PETOSKEY (AP)—Lockwood Memorial Hospital here has announced a \$10,000 grant from the Kresge Foundation toward a \$1,310,000 building fund marked for a new 75-bed structure. It is being added to a \$22,000 Ford Foundation grant received in 1957. The building fund drive now stands at \$53,284 in pledges besides the grants.

WASHINGTON (AP)—The National Federation of Business and Professional Women's Clubs announced it will honor 24 young women "who have demonstrated leadership potential through school, religious, community or youth activities" during its national convention July 19-23 at Detroit.

FLINT (AP)—The Mott Adult Basic Education Program of the Flint School Board will sponsor a literacy symposium Aug. 3-14 to explore instructional techniques in teaching adults to read.

MOUNT PLEASANT (AP)—Some 1,500 Indians from Michigan and Canada will don ceremonial costumes Saturday for the opening of the Mount Pleasant Area and Chippewa Indian Centennial which runs through July 25.

ANN ARBOR (AP)—Franz Schulze, art critic of the Chicago Daily News and head of the Art department at Lake Forest, Ill. College, will address the 12th annual Art Conference July 29, the University of Michigan announced today.

## They'll Do It Every Time

## By Jimmy Hatlo

THE STEEPLE of St. Anne de Michilimackinac rises from the reconstructed 18th century church at Fort Michilimackinac, Mackinaw City. Through electronics and stereophonic

sound visitors may observe a reenactment of a wedding which occurred in the original chapel more than 200 years ago. (Michigan Tourist Council Photo)

## Old Wedding Is Fort Attraction

Visitors to the newly reconstructed church of St. Anne de Michilimackinac can attend a 200-year-old wedding this summer, thanks to modern electronics.

Charles de Langlade, 25, and Charlotte Bourassa, 19, were wed in the original church on August 19, 1754. Their wedding has been recreated in stereophonic sound and with the aid of special lighting effects is re-played several times each day, according to the Michigan Tourist Council.

The pews of the rebuilt chapel accommodate 160 visitors. When all are seated, the lights dim, the windows brighten and the altar candles light one by one.

The music has been especially recorded by the Don Large Chorus on the University of Detroit from authentic manuscripts of 18th century hymns.

As the ceremony begins, the

unseen bride, groom and priest go through the vows in the French language. As each speaks, the area where the individual would be standing is lighted. English narration, describing the proceedings, is interspersed in the sound tape.

When the ceremony has been completed the altar lights dim, the chapel lights brighten and witnesses to the ceremony — visitors to Fort Michilimackinac — file from the chapel.

The 15-minute program will be repeated throughout the entire summer season.

To authenticate the ceremony, the service was recorded with Father Prud'homme, a French Jesuit priest of Sault Ste. Marie, as the priest. The roles of Charlotte and Charles were played by a French woman and man. Reenactment of the marriage was based on records of the Mackinac Parish Register, St. Anne's Church,

Mackinac Island, which dates back to 1695.

Like all other buildings at the fort, at the southern approach of the Mackinac Bridge, the chapel has been reconstructed from fact and artifact. Items and fragments of items which were actually used at the fort have been carefully unearthed by archaeologists at the site. These, combined with available historical documents, have guided the Mackinac Island State Park Commission staff in the reconstruction of buildings, many on their original locations.

The interior of the church, for example, has been fitted with replicas of 18th century religious fixtures, including candlesticks, altar cloths, ornaments and decorations.

Fragments of the 18th century bell, uncovered by archaeologists, were sufficient for reconstruction purposes. From the

fragments, specifications of the original bell were calculated and a new bronze bell was cast by a Netherlands firm.

Prior to the reconstruction of the chapel, extensive preliminary research was undertaken. In addition to local information, historical data was obtained through visits with the French Jesuits in Montreal and personal research at the Public Records Office in London.

One of the principals in the ceremony, de Langlade, later became a prominent fur trader at Michilimackinac. He, as a French officer, led a detachment of Indians in the defeat of General Braddock and a young officer named George Washington in Pennsylvania in 1759.

The original church, built in 1734, was moved intact over the ice across the Straits of Mackinac to the new fort on Mackinac Island in 1780.

## New Car Sales High In July

DETROIT (AP)—General Motors Corp.'s Chevrolet and Pontiac Divisions each reported record sales Tuesday for the first 10 days of July.

Only Chrysler Corp. said sales were off as a result of a Teamsters Union strike which halted deliveries to dealers over much of the East Coast.

Ford Motor Company's Division said that despite the strike its daily selling rate in the first 10 days of the month was up nearly 13 per cent over the same period last year.

Chevrolet said its sales of 62,343 cars and trucks exceeded the previous record of 60,669 units sold in the first 10 days of July, 1963. Chevrolet's year-to-date sales remained ahead of the record pace at the same point in 1963, with 1,495,405 cars and trucks being sold so far this year, compared to 1,446,766 last year.

Pontiac said its sales of 17,180 cars in the first 10 days of the month surpassed by 3.82 per cent the previous record of 16,546 established a year ago.

Ford Division reported sales of 41,218 cars during the July 1-10 period—a daily selling rate of 5,152 units, compared to 4,562 units per day for the corresponding 10 days of 1963.

Combined sales of 911,999 cars and 223,885 trucks from Jan. 1 through July 10 represented increases of 57,882 and 15,323 units respectively, over the same period of last year, and were the highest such year-to-date totals in Ford Division history.

Chrysler Corp. said its sales in the first 10 days of July were 10 per cent below the same period a year ago, and attributed the decrease to the three-week strike of driveaway delivery truck operators in the East, awaiting delivery to eastern dealers because of the strike.

Chrysler sales for the first 10 days of the month totaled 23,322, a daily rate of 2,332, and compared to 26,045 for the same period a year ago when sales were 26,045 for a daily rate of 2,604. Chrysler sales for the Jan. 1-July 10 period were 576,342 units—up 16 per cent over the 495,762 units sold in the same period last year.

## Tech Will Help Bolivian Mining

HOUGHTON — Michigan Tech's Institute of Mineral Research has negotiated a two-year contract to perform research on tin ores from Bolivia, according to M. E. Volin, Institute director.

The contract, negotiated with the U. S. Agency for International Development, calls for a first-year stipend of \$52,332. The project will be supervised by Dr. W. L. Freyberger.

Bolivia's economy is strongly dependent in tin production, and 15 mines are currently being worked under the management of the Bolivian Mining Corp. The ores are concentrated in mills at or near the mines, and the concentrates are shipped to smelters for the reduction of tin minerals to metal.

Under present procedures, serious loss of tin minerals is sustained in concentrating the ores — as much as 50 per cent in many cases.

## Hermansville Attend Dinner

Joseph T. Urlick, Woodrow Trudell and Harold Stecker were in Menominee Saturday for the dinner honoring Mrs. David Robert, 5th Zone American Legion chairman. C. Oscar Hammond, Northville, State Legion Commander was a guest.

## Passes Test

Miss Sandra Desmarais, daughter of Mr. and Mrs. Herman Desmarais received notification from the American Registry of Radiologic Technologists that she passed the required examination. She is now working as a registered X-Ray technician at Leila Post Montgomery Hospital in Battle Creek.

## Plan Breakfast

St. Anne's Altar Society mother-daughter breakfast will be held after the 7:30 Mass Sunday, July 26.

Mr. and Mrs. William J. Eisenzoph, Mr. and Mrs. Edward J. Hiller, Mr. and Mrs. Roy Johnson and son, Gary, Mr. and Mrs. Harold Pipkorn, Mrs. Eyle Parish, Mr. and Mrs. Richard T. Lungenhausen, Mr. and Mrs. G. Harold Earle were in Blaney Park Saturday for the Earle-March wedding.

Among those attending the summer session at Northern Michigan University, Marquette are Mrs. Anthony Macchalek, Miss Anne Floriano, John Andrews, Clarence Blomquist and George Nygaard.

Mr. and Mrs. Edward J. Hiller were in Manistiquie Sunday for the 50th wedding anniversary dinner of Mr. and Mrs. Axel Mortenson.

Mr. and Mrs. Herman Desmarais were in Battle Creek to visit with their son, George, several days.

## Garden Peninsula

### Home Economics Club

Mrs. Ed Paulson Jr., will be the hostess for the next meeting of the Home Economics Club of Kates Bay July 23. An auction was held at the home of Mrs. Alpha Thibault Thursday night. Mrs. Edna Montgomery of Detroit was a guest.

### Plan Smorgasbord

The Women's Fellowship of the Congregational Church of Fayette will have its annual smorgasbord dinner on the

church grounds Sunday, July 19. The church is 1½ miles south of Fayette State Park. Serving will be from 12 to 3 p. m.

Mr. and Mrs. Elmore Stern, Mrs. Clifford Martz, and David Martz returned to Imlay City Sunday after spending several days at the home of their brother and sister-in-law, Mr. and Mrs. Harold Stern.

Mr. and Mrs. Norman LaBute of Flint spent the weekend at the Herbert Pizzala home. Alan Pizzala accom-

panied them from Flint to visit with his grandparents, Mr. and Mrs. Norman Casey.

Mr. and Mrs. Ira Killoran of Ontonagon were weekend visitors at the home of Mr. and Mrs. Gerald Casey.

Mr. and Mrs. Emil Vetter of Oscoda spent the weekend at their Fairport home.

Mrs. A. C. Stern of Pontiac is spending the summer with her son and daughter-in-law, Mr. and Mrs. Harold Stern.

Mr. and Mrs. Freeman Herbert left Sunday for Flint after spending a week at their

home in Fairport. Mr. and Mrs. William Herbert of Crossville, Mich., visited with them.

Mrs. Pearl Cousineau of Dayton, Ohio, spent Thursday with her aunt, Mrs. Victoria Humbert.

Mr. and Mrs. William Smith spent Sunday at the cabin of their son Hal on Milakokla Lake.

Mr. and Mrs. Basil McDonald and family have returned to Levering after spending several days at the home of Mr. and Mrs. Matthew LaCost.

Earl Killoran of Ontonagon

was a weekend guest of Mr. and Mrs. Don Killoran.

Mr. and Mrs. Frank Berger and Mr. and Mrs. John Fisher of St. Charles, Ill., arrived Monday to spend several weeks at the Berger summer home at Fairport.

Mrs. Edna Bennett and daughters of Cheboygan, spent Wednesday visiting with Mrs. Victoria Humbert and Thursday at the home of Mrs. Anna Casey.

## State Parks In Peninsula Show Gain In Usage

Attendance up to and including the Fourth of July weekend increased in eight of the 14 Upper Peninsula state parks and registered camps increased in only four according to Grand H. Wykhuis, regional park manager, Parks and Recreation Department of Conservation.

The eight showing an in-

crease in attendance are Baraga, Brimley, Fayette, McLean, Porcupine Mountains, Straits, Tahquamenon Falls and Wells, with an increase in camping at McLain, Straits, Tahquamenon Falls, and Van Riper. Twin Lake Park is in its first year of operation and reported 7,407 in attendance, with 27 camps registered up to and including the Fourth of July weekend.

Lake Pend Oreille in north-west Idaho is said to have the world's largest rainbow trout, weighing up to 38 pounds.

# Railroading To South Was Poky

Illinois was the first state to go whole hog in the Midwest into the business of both canals and railroads. Early in 1837 the Illinois Legislature committed the state to creation of more than 1,300 miles of railroad, together with the improvement of many rivers, the digging of several canals, and the construction of many turnpikes.

This measure, cooked up to please everybody in the state, called for expenditure of \$10-250,000 on 15 projects, in addition to several million dollars already appropriated for construction of the Illinois and Michigan canal.

There were only a few thousand people in Illinois at the time; there were no cities and the spaces between villages

and farms were immense. Yet the Internal Improvements Bill was passed after active lobbying by Stephen A. Douglas and other politicians who owned land in the region. The panic of 1837 put an end to the biggest railroad dream of the era. Only a few miles of rail were laid when the panic struck. The state was left crippled with debt and the consequent high taxes acted to discourage immigration to Illinois for many years.

### State In Business

One of the results of the panic was to put the State of Michigan into the railroad business — for a time. It had chartered and given considerable aid to two roads, the Erie & Kalamazoo and the Detroit & St. Joseph. Both emerged from the panic insolvent and the state took over and by successive appropriations completed construction of some 150 miles of road.

In 1846 the State was happy to sell its railroad to a group of Massachusetts and New York men who had made their fortunes in the China trade and who knew a bargain. For \$1,750,000 they got what had cost Michigan almost \$3½ million and then proceeded to make it the Michigan Central Railroad.

Because of an interlocking directorate with the Michigan Central, the Illinois Central had originally planned for its direct construction the laying of rails direct to the Indiana boundary where it could connect with the Michigan Central. In 1851 two Michigan railroads were trying desperately to get tracks into Chicago, which had no rail connections with the east. They were the Central and the Southern.

### Proud Chicago

Chicago was wrathful when it learned that the Michigan Central planned to come into Chicago over the Illinois Central tracks; it felt each railroad that came to it should arrive on its own steel and build its own depot. Result of the policy was that Chicago got lots of railroads and lots of depots. Chicago also feared that the spot where the Michigan Central joined the Illinois Central might develop a rival community and that an east-west traffic artery not touching Chicago might develop.

Protest meetings raising \$10,000 to fight the Illinois Central's plan and Stephen A. Douglas was retained to thwart the move. The first train of the Michigan Southern entered Chicago Feb. 20, 1852 and in May the first Michigan Central train entered Chicago over the IC's tracks.

Neither the Illinois Central nor the Michigan Southern paid any attention to the other's operating schedule, but shot their trains over their grade crossing without warning or signal of any kind. In 1853 two trains met fair at the crossing and 18 were killed and 40 maimed.

### Labor Imported

Labor was the biggest problem of railroad building. In 1851 there was a railroad building boom on in all the settled states and roads were bidding against each other for the increasing supply of Irish and German immigrants. Chief Engineer Mason of the Illinois Central hired agents in New York to secure and forward men to Illinois. In 1853 he called for 3,000 laborers, offered wages of \$1.25 a day and guaranteed employment for two or more years. He promised good board for \$2 a week, but said men with families were preferred. He said it was a rare chance to go west and that good land could be bought cheap. The Illinois Central fare from New York to Chicago was \$4.75.

Mason never got quite as many men as he wanted but he kept an average of 7,000 employed and had as many as 10,000 employed at times. The early gangs were mostly Irish, like those of the Erie Railroad, but they proved turbulent and Mason came to favor the Germans, who were easier to handle, and he soon had the Dutch, as they were called, coming by the hundreds, many of them with their families.

Labor agents for rival railroads were quick to spread rumors of ague and cholera and Mason found on a trip to the East Coast that the opinion prevailed that a man could scarcely expect to live longer than 6 months on the Illinois prairie.

It was different in adjoining states. Wisconsin had been one of the earliest to send agents to the eastern states and even to Europe to induce families to settle there. Minnesota soon followed suit and Iowa bid for settlers. But Illinois seemed not to care.

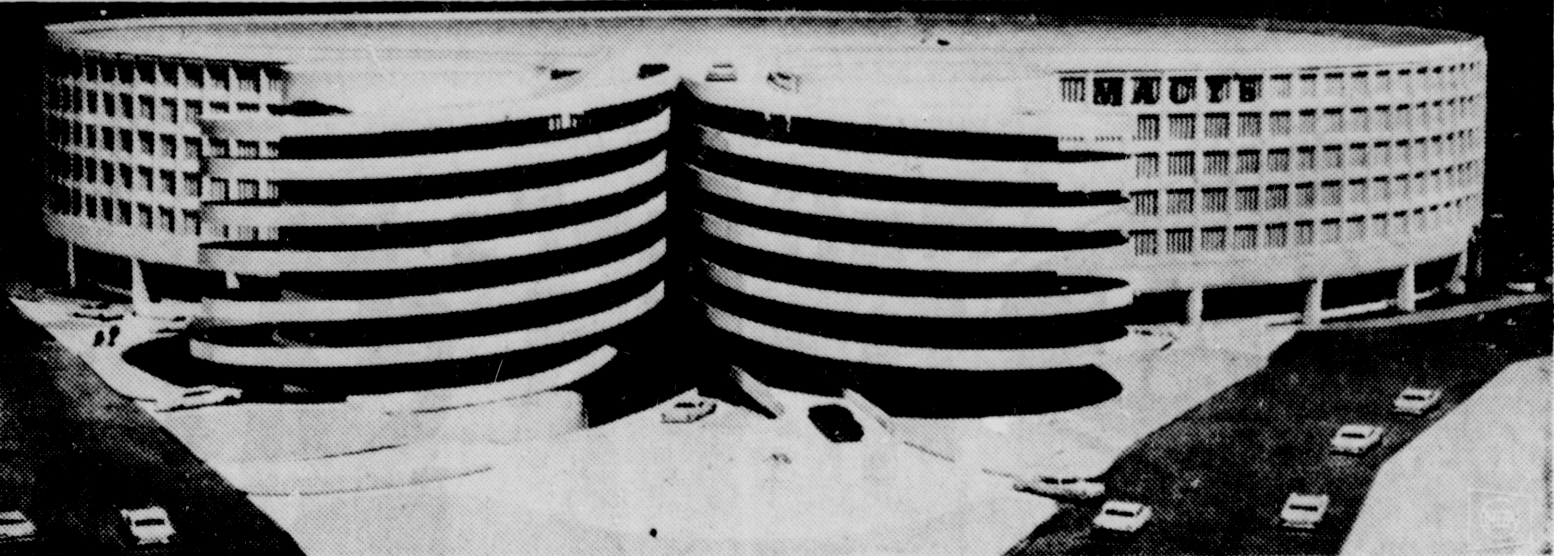

The colonization of a railroad's territory was a new thing. Railroad advertising was really expert for the time. The Illinois Central stressed that it was bound by its charter to turn over 7 cents of every dollar it took in to the state, and

prices of IC lands were posted. They were reasonable enough and the terms were easy, even for that day.

The resulting migration in the 1850s was so heavy that the price of farm property in one Vermont county fell as much as 40 per cent in one year, due solely to the migration to Illinois.

This process led to the settlement of Illinois and Wisconsin and eventually of Upper Michigan, where colonizers were active in settlement of immigrants on cut over timberlands early in this century after earlier settlement in sawmill towns and at mine locations.

Nebuchadnezzar finally destroyed King Solomon's Temple in 586 B.C.

**UNDER ONE ROOF**—A first in concept and design, the Macy's store in Queens is a revolutionary structure that combines parking and shopping under one roof. Shopping areas are located in the core of the circular structure with curbside parking for 1,500 cars in an unusual wing adjacent to the building's three stories and on the roof. Customers will not be much further than 75 feet walking distance for any given department in which they choose to shop.

## Two Boys Find Shells In Dump

ATLANTA (AP) — A potentially dangerous treasure found by two subteen adventurers in the city dump was taken Tuesday by Montgomery County Sheriff Joel Secrist to Camp Grayling for disposal.

Secrist said the National Guard agreed to accept an unexpended 20-millimeter cannon shell, two 50-caliber machine gun bullets and six Japanese rifle cartridges turned into his office Monday. Jack Stevens, 12, of Atlanta, and Aaron Kline, 11, a visiting cousin from Clarkston, said they found the ammunition in a box while touring the dump.

**EMERGENCY USE**—West German traffic warden checks the first blood-plasma (Blutplasma) depot which has been installed on the Munich-Salzburg Autobahn. The plasma will be available for on-the-spot transfusions to victims of traffic accidents, if the need arises. The plasma can be stored for up to five years.

## Old Cars Bring \$14,000 In Cuba

HAVANA (AP)—Cuban kaleidoscope:  
The windows and front counters of Havana's bookshops are filled with the works of Marx, Lenin, Engels and Mao Tse-tung.  
But Cuba's big state publishing house lists its most popular books as: Tales of Edgar Allen Poe, Robert Louis Stevenson's stories, Flaubert's Madame Bovary, a study of the production of sugar, and a textbook on the metric system.  
Gray Market prices: a cab driver reported he was offered \$14,000 for a well-worn 1960 Buick. A set of four sparkplugs was offered for \$60.  
**Streets Greasy**  
The oil, grease and gasoline dripped on the streets by the motors of gasping, fuming old

British, American, Hungarian and Czech buses have deposited a thick film of grease on many thoroughfares. At times road-scrappers are used to remove the greasy layer which is dangerously slippery when wet.  
Night life is still active in Havana. The cabarets are nearly empty during the week but on Saturday nights many are packed. The biggest, most colorful show in town is at the famed Tropicana. There's no scotch or brandy, but plenty of rum. Beer is served only with meals.  
Pasted on a time clock in the National Agrarian Reform Institute is a newspaper clipping. It is the story of two men who protected each other: whenever one arrived for work late, the other would punch his time card at the proper hour. The trick was discovered. Both were sentenced to one year in prison.  
If a worker quits his job he is not allowed to take another job for a period of one year.  
Strikes are considered counter-revolutionary crimes. There is no overtime pay, but plenty of demand for "voluntary" hours on the job.  
The long lines of tired people seen standing in the streets are usually waiting to buy rationed goods: perhaps their four eggs monthly, or one of the pairs of shoes they are allowed annually—one dress pair, one tennis and one work pair.  
In a former capitalist five-and-ten-cent store, a long line of women formed to buy toothbrushes.  
The Swiss ambassador, Emil Anton Stadelhofer, has a 1964 Oldsmobile for his embassy. Whenever his chauffeur parks, the car is surrounded by admirers. There is scarcely a U.S. model later than 1959 or 1960 in Cuba.  
Havana restaurant prices are expensive—the peso is pegged at par with the dollar. Prices in the Zaragozana, one of Havana's best: fruit cup \$1; shrimp cocktail \$2.50; consommé \$1.25; potato omelette \$3; chicken and rice \$5; fried chicken \$5; hamburger steak \$4; rabbit \$5; pudding or custard desserts \$1.  
Most people eat lunches in the "popular restaurants" where they line up by hundreds and for 56 cents eat whatever is served on metal trays.  
Stalled cars and trucks are a common sight. The U.S. trade ban has eliminated the supply of spare parts.  
The weekly Iberia Airlines flight to Madrid has a waiting list of persons ready to leave Cuba, they could fill every flight for the next year and a half.

### NOTICE

Garden Township Schoolboard is holding a public meeting on Wednesday, July 22, at 7 P.M. in the school building, on the proposed budget for 1964-1965.

Signed:  
Marian Cota,  
Secretary

### Thomas Petersons Married 50 Years

Guests at the homes of Mr. and Mrs. Harold McLaughlin and Mr. and Mrs. Francis DeGrand are Mrs. William Miros and sons of St. Claire Shores and Mrs. Donald McLaughlin and sons of Royal Oak. They will be here for two weeks. Mrs. Miros is a daughter of the McLaughlins and a sister of Mrs. DeGrand and Mrs. McLaughlin is a daughter-in-law.

## Births

**BERNIER** — SC-2 and Mrs. Jerome Bernier of San Diego, Calif., welcomed their first child July 15, a son, Jerome David, who weighed 6 pounds and 8 ounces at birth. The new member of the family is the first grandchild of Mr. and Mrs. Ernest Bernier, 1329 S. 23rd St., Escanaba.

**BODEN** — Mr. and Mrs. Joseph W. Boden, 414 Delta Ave., Gladstone, are the parents of a son, Anthony Todd, born today, July 16, at 7 a.m. at St. Francis Hospital. The baby's weight was 8 pounds and 10 ounces. Mrs. Boden was Betty Aicher.

**GIL** — Mr. and Mrs. Allan E. Gil of Treenary are the parents of a girl, their first child, born at 1:43 p.m. July 14 at St. Francis Hospital. The infant weighed 8 pounds and 3 ounces. Mrs. Gil is the former Phyllis Haavisto.

**POQUETTE** — A daughter, Laura Jean, weighing 8 pounds and 1 ounce, was born to Mr. and Mrs. Sam H. Poquette, 310 S. 12th St., July 14 at 8:36 p.m. at St. Francis Hospital. The mother was Evelyn Porath.

**OLIVANTI** — The first child of Mr. and Mrs. Richard A. Olivanti, 115 S. 22nd St., is a son, weighing 8 pounds and 5 ounces, born at St. Francis Hospital July 15 at 2:40 p.m. The baby's name is Dean Anthony. Mrs. Olivanti was Jean Moraska before her marriage.

**MIKUS** — Mr. and Mrs. Irving H. Mikus, Nadeau, are the parents of a daughter, Shirley Ann, who weighed 9 pounds and 4 ounces at birth July 15 at 1:38 p.m. at St. Francis Hospital. Betty LaVeau is the mother's maiden name.

**HOLMES** — Mr. and Mrs. John W. Holmes Sr., of 327 N. 12th St. are the parents of a son, born July 15 at 1:48 p.m. at St. Francis Hospital. The infant, who weighed 7 pounds, has been named Stephen Lee. Mrs. Holmes is the former Muriel Oseen.

**GUENETTE** — A daughter, Ann Marie, born today, July 16, at 1:28 a.m. at St. Francis Hospital, is the first child of Mr. and Mrs. Clifford L. Guenette, 2192 Bancroft St., Marquette. The baby's weight at birth was 6 pounds and 2 ounces. Mrs. Guenette was Amanda Belanger before her marriage.

**McCLINCHY** — Mr. and Mrs. Charles O. McClinchy, Rapid River, are the parents of a daughter, born today, July 16, at 2:23 a.m. at St. Francis Hospital. The infant, whose name is Wendy Jean, weighed 9 pounds and 12 ounces. The mother is the former Nancy Cole.

Mr. and Mrs. Thomas Peterson, well known former residents of Fayette, observed their golden wedding anniversary Saturday, July 11.

The day opened with a Mass of Thanksgiving, celebrated by Father James Donnelly at St. Peter's Church. Randy and Benjamin Peterson, grandsons of the couple, were servers at the Mass and their granddaughter sang with the choir. Mrs. Vickie Gierke was organist.

Mrs. Peterson chose a beige lace dress for the occasion. Her accessories were white and her corsage, yellow carnations. Mrs. William Arnold, her sister, also wore beige with white accessories and a like corsage. Mr. Arnold attended Mr. Peterson.

Over 300 guests greeted the couple at an afternoon reception at Fayette Town Hall, at which they received many anniversary messages and gifts in remembrance of the day.

The Petersons, who have lived in Stockbridge, Wis., the past seven years, have three sons, Stanley of Escanaba, Kenneth of Stockbridge and Hector of Fayette. Their family also includes 15 grandchildren and six great grandchildren.

Among out-of-town guests were: Mr. and Mrs. Harold Smith, Elgin, Ill.; Mr. and Mrs. Kenneth Peterson, and Dr. and Mrs. Kaneiff, Stockbridge; Mr. and Mrs. William Arnold, Ripon; Miss Alice Thonson and Miss Agnes St. John, Milwaukee; Mr. and Mrs. Ray Tuttle, Little Suamico, Wis.; Mr. and Mrs. David Kincaid, Missouri; Miss Evelyn Dolgard, Chicago; Mr. and Mrs. Stanley Peterson and family, Mrs. Esthel Kennessey, Mr. and Mrs. Roland Peterson and daughter, Mrs. Dwaine Beer-

bohm, Mr. and Mrs. David Daigneault, Escanaba; Mr. and Mrs. Vern Johnson, Mrs. James Talbot and family, Mrs. Fred Hahn, Mrs. Mary LaFave, Fred Williams, Mr. and Mrs. Lyle Bouchard, Mr. and Mrs. Keith Gauthier, Mr. and Mrs. Gerald Casey, Mr. and Mrs. Adson Casey, Mr. and Mrs. Alfred Swanson Sr., Mr. and Mrs. Michael Johnson, Manistique.

Mr. and Mrs. Lloyd St. Ours, Mr. and Mrs. Francis Thill, Mr. and Mrs. Lyle Thill, Marquette; Mr. and Mrs. Howard Peterson, Munising; Mr. and Mrs. Robert Tollman, Mr. and Mrs. Royal Tollman, California; Mrs. Daniel Pallas, Mr. and Mrs. Donald Greene, Detroit; Mr. and Mrs. Emil Vetter Jr., Oscoda; Mr. and Mrs. John Schwartz, Nahma; Mr. and Mrs. Freeman Herbert, Flint; Mr. and Mrs. Ira Kiloran and Gary, and Earl Kiloran, Ontonagon; Mr. and Mrs. Edmore Stern, Grand Rapids; Mrs. Sam Slupa, Mrs. Alta Martez and many friends from the Garden area.

### Ann Gehrett Is The Bride Of Mr. Rushford

**CURTIS** — Carolyn Ann Gehrett, daughter of Mr. and Mrs. Cleo Gehrett of Curtis, and Raymond Michael Rushford, son of Mr. and Mrs. William Rushford of Gould City, spoke their wedding vows at the First Baptist Church at Curtis, in a double ring ceremony performed at 2 p.m. July 11 by the former pastor of the church, the Rev. John Catlin, now of Beaver Dam, Wis. The church was decorated with bouquets of yellow and white mums, gladioli and asters.

Matron of honor was Mrs. Joan Rushford, a sister-in-law of the bridegroom, and bridesmaid, Shirley Gehrett, a cousin of the bride. Best man was Ronald Rushford. Gary Gehrett was groomsmen and Donald Gehrett and Robert Rushford ushers.

The bride was given in marriage by her father. She wore a white Chantilly lace ballerina length dress, with scalloped sweetheart neckline, long tapered sleeves, and a fitted bodice of lace over satin. The bouffant skirt was made up of tiers of lace and net over satin ending in a scalloped hemline. Her shoulder length veil was held in place by a seed pearl and lace tiara. She carried a colonial bouquet of pink roses. The matron of honor and bridesmaid wore identical pink chiffon street length dresses with scoop necklines and short sleeves. Their headpieces were pink velvet bows with veiling. Their flowers were white carnations.

The mother of the bride wore a street length princess style dress in royal and navy brocade, white accessories and an orchid corsage. The bridegroom's mother chose a medium blue printed jersey with white accessories and like corsage. Grandmothers of the bride were present, Mrs. Frank Lowery and Mrs. Floyd Gehrett.

A buffet luncheon was served at the Lowery home. The reception was held at the Curtis School. Mrs. Frank Lowery served the wedding punch, Mrs. James Lowery poured, Mrs. William Hoig was in charge of the guest book.

After a short honeymoon trip to Grand Rapids the couple will reside at Curtis. The bride is a graduate of Newberry High School and the bridegroom is a graduate of Engadine High School.

Some plants, like chrysanthemums, need long nights to bring out their blossoms. Plants like wheat require the short nights of summer.

MR. AND MRS. Stephen Clairmont of 1609 Sheridan Road announce the engagement of their daughter, Marylee Margaret, to Alvin Ernest Buckland, son of Mr. and Mrs. Ernest Buckland, Escanaba Rte. 1. The wedding will take place Sept. 12. (Preston's Studio)

## Germfask

### Baptism Rites

Three children were baptized at Grace Lutheran Church Sunday morning by Rev. Alan Parks. They were Mindy Rae, daughter of Mr. and Mrs. Kenneth Wright of Flint, and Debra Sue and Valerie Ann, daughters of PFC James Williams stationed at Ft. Riley, Kan., and Mrs. Williams who lives here. Sponsors for the children were Mr. and Mrs. George Graveley of Flint.

Mr. and Mrs. John Nickerson of Standish visited relatives here and at Newberry. Mrs. Ling Burns, Mrs. Emmett Crawn and Mrs. Julia Draves visited Mr. and Mrs. Ira Clark, Newberry.

Jack Heath of Detroit has been visiting old friends here. Mr. and Mrs. Lawrence Miller and family returned to Grandville after a visit with

relatives. They were accompanied home by Donna Marie Krusic of Manistique.

Mr. and Mrs. Terry Martin of St. Louis, Mo., visited their parents, Mr. and Mrs. Ling Burns and Mr. and Mrs. Archie Martin, of Sault Ste. Marie.

Mr. and Mrs. Robert Johnson and family of Waubay, S.D., are visiting Mr. and Mrs. Theodore Skarritt.

"DOWN BY THE OLD MILL STREAM . . ."—The words of the familiar song haunt the memory at the sight of this old mill at Pigeon Forge, Tenn. The mill, built in 1830 and still in daily operation, is made of hand-hewed pine, yellow poplar, hemlock and oak, and is held together with hickory pegs.

## Bargaining On Milk Is Called Difficult Task

The National Farmers Organization has made its first gains in the Upper Peninsula with signups of some Gogebic County dairy farmers. Some had been members of the Michigan Milk Producers Association, which is the largest organization in the Upper Peninsula providing an outlet for U.P. milk.

MMPA, which was earlier only a bargaining agent for milk producers in their relations with the bottling plants and dairy product manufacturers, has acquired U.P. dairy plants to assure a continuing market for U.P. milk. The plants are at Rapid River, Menominee, Daggett and Crystal Falls.

NFO is one of the most controversial elements in Midwestern farming. An analysis of the opportunities and limitations of collective bargaining in dairying, affecting the NFO campaign, was presented at the recent Midwest Milk Marketing Conference at the University of Minnesota, St. Paul by Truman F. Graf, of the Department of Agricultural Economics, University of Wisconsin.

### Profits Lag

Graf said: "Historically, agriculture has not fully shared in the growth of our economic system and as a result farm prices and incomes have generally been lower than non-farm prices and incomes. Individual farmers have little influence over the price of things they either buy or sell.

"A new national movement called the National Farmers Organization is the most vocal and dramatic recent expression of this desire by agriculture for increased bargaining power. This organization proposes the use of collective bargaining as a means of increasing the bargaining power and income of farmers. Dairy farmers have been in the forefront in this movement.

"This analysis is made on the premise that NFO will be able to achieve desired minimum 'base' fluid and manufacturing milk prices, as well as gain control of the minimum amount of milk called for in its contracts.

"A summary of contract points developed by NFO for use in their dairy program:

"Membership agreement: Authorizes NFO to act as: 1—the exclusive representative of the individual farmer in collective bargaining; 2—to enter into contracts with milk processors covering selling prices,

3—to establish marketing procedures. The agreement is irrevocable for three years and automatically renewable for successive periods of three years.

### After Contracts

"Until NFO consummates contracts with processors, NFO members are free to market their milk as they choose. After contracts have been consummated, NFO members must sell to the processors specific by NFO or be assessed 10 per cent of the gross sales. NFO has authority to establish quotes for its members milk.

"Membership dues and fees are \$25 a year until contracts are consummated with processors when dues and fees become 1 per cent of gross receipts from sale of milk.

"Processors agree to pay members of NFO an average minimum base price of \$5 per hundred pounds for manufacturing milk sold through commercial channels testing 3.5 per cent butterfat.

"In addition to membership dues mentioned previously (1 percent of gross sales receipts) processors are also required to

withhold 2 per cent of each NFO producer's milk check and pay this money to the NFO for surplus disposal.

"Processors are also obligated to pay 5 per cent of the purchase price of milk received from NFO members to the NFO. This is a net payment by processors and not a deduction from the farmer's milk check.

### Prospect Sketched

"Results of the analysis indicate that at minimum volumes and prices called for in NFO contracts, individual NFO producers would, under most circumstances, have substantially smaller sales proceeds from milk with the NFO dairy program in effect, than without the NFO dairy program. In contrast, sales proceeds from milk to non-NFO dairy producers would be considerably larger with the NFO dairy program than without it.

"This paradoxical situation results from the fact that substantial quantities of NFO milk would have to be withheld or diverted from commercial outlets, and disposed of at surplus prices in order to achieve the relatively high NFO commercial market target price of \$5 per hundredweight for manufacturing milk, and \$6.05 for Class 1 (drinking) milk in the first place.

"Based on U.S. Department port costs, it appears that the of Agriculture dairy price supporting quantities of surplus milk which could be removed from commercial markets by NFO organization with these rather limited surplus disposal funds, would be insufficient to achieve NFO target prices of \$5 for manufacturing milk and \$6.05 for Class 1 bottling milk during the first year of operation of the NFO dairy program.

### After First Year

"There is no assurance that results would be any more beneficial to NFO dairy producers in the second or succeeding years of operation than in the first year. As a matter of fact, they could be worse, if lowered incomes to NFO members in the first year of the NFO dairy program resulted in substantial defections of membership. This would make it difficult for the NFO to control production and marketing, and therefore, achieve commercial market target prices.

"These findings are not intended as criticism of the intent of the NFO dairy program to increase incomes to dairy farmers, but the analysis does quantify the serious money problems the NFO would have in successfully implementing its program. The major problem has been and will continue to be, the difficulty of controlling enough of the total supply permanently to increase prices.

"Farmers organizations have always experienced great difficulty in attempting to do this because the benefits from supply management accrue to non-participants, as well as participants, and hence eventually the entire supply control function tends to be destroyed by increased inflows of non-participant products."

"To substantially raise market prices of NFO milk compared to non-NFO milk, country plant control like that being attempted now would have to be widespread and very complete, and control would have to be exercised at the wholesale and retail level. The latter will be particularly difficult since wholesalers and retailers can draw on national sources of supply, rather than only local procurement areas. It appears that a government enforced milk supply control program would be needed effectively to control the quantity of milk placed on commercial markets."

# Dredge Ending Kipling Harbor Testing Friday

The U. S. Corps of Army Engineers dredge Kewaunee is lifting its six-yard dipper full of bottom these days off the Theisen-Clemens Co., marine petroleum products terminal at Kipling, sampling the bottom conditions in first phase of a government project to deepen the approach to the harbor.

The project is a step in works that will make it possible for

the big Theisen-Clemens terminal to handle much larger lake tankers with full loads of petroleum products like gasoline and heating oils. At present vessels are under limitation of a 13.5 foot draft in using the Kipling harbor north of Gladstone on Little Bay de Noc. Many lake tankers draw 19 feet or more of water when loaded.

The Corps of Engineers took three bids on the Kipling Harbor channel project but rejected all three when they were substantially higher than the bid for the work entered by the Corps of Engineers itself.

To test conditions the Corps sent its dredge Kewaunee, the tug Two Rivers and two pocketed work barges to the site and started making tests on July 6.

Bids will be asked for the construction of a 200-foot-wide channel from deep water to the dock, and for a turning basin at the dock that can handle tankers up to about 400 feet in length.

Capt. John Fredrickson of the Kewaunee said that the test work being done at the site now will be finished about Friday. He said he must make 275 feet of tests in two more cuts yet.

The water depth is now about 15 feet in the area and cuts are being made to 18 to 19 feet depths. "We have encountered nothing that we couldn't cut through with a dredge," said Captain Fredrickson.

This is good news for the project, as there was been talk of a stone reef being a chief obstacle to deep laden traffic to the Kipling harbor. At present Theisen-Clemens unloads part of the cargoes of its tankers at the Gulf terminal in Gladstone, which it operates and then takes the rest to Kipling.

Capt. Fredrickson said that work on the channel is expected to be started this year. It will provide a channel 24 feet deep with one foot of over-depth, for a total of 25 feet.

The Kewaunee has a crew of 20 and the tug has a crew of 8. They work two shifts, from 3 a. m. to 11:30 a. m., and from 11:30 a. m. to 8 p. m., with a half hour break for breakfast and supper but no noon lunch hour, dredging and hauling away bottom for 16 hours a day.

## Airmen Dunked In Lake Huron

PORT HURON (AP) — Four airmen suffered a dunking but no major injuries when their U. S. Navy helicopter plunged into Lake Huron about 35 miles northeast of Port Huron Wednesday night.

Three of the crewmen aboard the Sikorsky "Sea Bat," including two Michigan Men, were lifted from the waters minutes after the crash and taken aboard the submarine USS Runner, officials said. The helicopter and sub were taking part in a Great Lakes submarine exercise.

Helicopter pilot Lt. Cmdr. Harry Palmatier Jr. of Coudersport, Pa., the fourth person aboard the copter, was lifted from Lake Huron by helicopter. He was flown 65 miles to the Selfridge Air Force Base Hospital and treated for shock and immersion.

Crew members taken aboard the USS Runner were Lt. Cmdr. Stanley Gregory of Asheville, N.Y.; Aviation Sonarman 2.C. Thomas J. Hayes of Dearborn, and Aviation Electrician Maintenanceman 3.C. James C. Thompson of Blissfield, both in Michigan.

The Navy is investigating to determine the cause of the crash, said Lt. Cmdr. Robert Blackington of the Grosse Ile Naval Air Station. There was no indication whether recovery of the helicopter would be attempted.

## Jury Acquits Roy M. Cohn

NEW YORK (AP)—A federal court jury today acquitted attorney Roy M. Cohn on charges of perjury and obstruction of justice.

The case was a re-trial of the one-time aide to the late Sen. Joseph R. McCarthy, R-Wis. A mistrial had been declared on the same charges April 19.

The jury of 11 men and a woman also acquitted Murray E. Gottesman, a co-defendant charged with perjury.

The jurors, who received the case Wednesday and had spent the night at a hotel, deliberated nine hours.

Cries of joy arose from the defense table when Claude C. Applegate, jury foreman, announced:

"We have found unanimously the defendants are not guilty."

The defendants were accused of lying to a 1959 grand jury investigating a 1959 stock fraud indictment.

The government contended that they were able, through contacts in the United States attorney's office, to prevent the indictment of four men involved in the fraud.

THE U.S. CORPS of Engineers dredge Kewaunee is pictured at work off the Theisen-Clemens marine terminal dock at Kipling. The big dipper takes a 6-yard bite of the bottom on each lift. The barge at left removes the bottom earth and rock to a dump area across Little Bay de Noc near the Stonington Peninsula shore. (Daily Press Photos by Bernard Schultz)

THE DREDGE Kewaunee stops its dredging briefly to remove a huge rock which has wedged in the mouth of its six-yard bucket. The rock was removed with a cable on a winch and the work proceeded.

## Sen. Kennedy's Gifts Pile Up

BOSTON (AP)—Sen. Edward M. Kennedy lies immobile in a Boston hospital bed recovering from a broken back and pondering the question of a little Philippine girl: "Could you please pinch John-John for me?"

When he's finished with that, he can work on seven riddles a Lawrenceburg, Ind., woman sent him on seven consecutive days "to help you while away the tedious hours."

These are only two of the thousands of persons of all ages who have wished the young Massachusetts Democrat a quick recovery and a return of his "Irish luck."

Almost 42,000 letters have swamped Kennedy since the June 19 airplane crash which put him in an orthopedic bed.

He also has received about 700 telegrams, flowers, cakes, religious statues and medals, records, books, boxes of candy, and baskets of fruit.

When Kennedy was in Cooley Dickinson Hospital in Northampton, the letters came in by the bagful. Now that he is in New England Baptist Hospital they have slowed to 300 or 400 a day, press aide Edward Martin estimates.

## Earnings Boosted At Mead Corp.

DAYTON, Ohio — First half earnings of the Mead Corporation in 1964 rose 26 per cent and sales were up six per cent over the first half of 1963. Howard E. Whitaker, Chairman of the Board of Directors, announced.

"Mead's profit improvement program and operating efficiencies, together with the effects of the new tax law, are largely responsible for the earnings increase," Whitaker said.

For the first half ended June 28, 1964 earnings amounted to \$9,148,953, equal to \$1.58 per share. This compares with \$7,255,444 in the same period a year ago, equal to \$1.27 per share.

## O'Hara Dissents On Black Plan

Justice Michael D. O'Hara of the Michigan Supreme Court today took sharp issue with Justice Eugene F. Black's position on appeals from criminal convictions.

Justice Black was quoted by the Detroit Free Press on July 13 as saying that the Michigan Supreme Court had no alternative but to adopt its rule on appellate review of criminal conviction as a matter of right, requiring that the indigent defendants be given counsel and a transcript of testimony of the trial court at public expense.

Black suggested in the article a constitutional amendment as the only way to prevent an anticipated tidal wave of appeals to the Supreme Court.

Justice O'Hara read to the court at its meeting with U. P. circuit judges today in the Delta County Building a statement which said:

"The rule goes further than is required either by the federal Supreme Court decisions or our constitution or any combination of the two. . . I am willing to follow the U. S. Supreme Court where required, but I certainly am under no obligation judicially to run interference for its present policies."

"I urged adoption of a court rule supplying free appellate counsel and transcript to prepare an application for delayed appeal to all those in Michigan whose conviction occurred since the effective date of our court rule, Jan. 1, 1963, granting appeals in criminal cases as of right where the sentence was one year or more, and in all cases since the effective date of the new constitution Jan. 1, 1964."

"No one has suggested that such right was required to be extended retrospectively to convictions irrespective of date, and irrespective of merit, that occurred since the effective date of the 14th Amendment."

"Enactment of this rule is the most imprudent action taken by our court in my professional memory."

"Its impact is literally incalculable. It means that without any screening for merit, the court from which any convicted criminal was sentenced must without any exercise of judicial discretion order a transcript of trial proceedings and furnish counsel to make application for a delayed appeal."

"The frightening and useless part of the effect of this rule is to supply every inmate of Michigan prisons a free transcript and an application for delayed appeal on a mere showing of indigency alone."

"Sometime soon our courts will have to come to the realization that the whole judicial system has some function other than to make it easy for our social criminal population, confined or at large."

Justice Black commented only that legislative recognition was due as well as the judicial recognition suggested by O'Hara. Justice Paul L. Adams said that it would be unfair not to make the rule retroactive.

Chief Justice Thomas Kavanagh said the comment was not germane to the court's immediate purpose of explaining the rule to the circuit judges.

Mr. and Mrs. Robert Campbell returned to Grafton after a short visit with relatives here and at Sault Ste. Marie. Their son, Bobby, remained for a visit with his grandparents, Mr. and Mrs. Harold Lustila.

Mr. and Mrs. Duane Streeter and family and Mr. and Mrs. Kenneth Lytle and family, returned from a visit with Dale Streeter. Mrs. Louis Crall of Haddley, Dale Crall returned with them for a visit.

Mrs. Cecil McEachern, who spent a month visiting her daughter, Needa McEachern at Mills Valley, Calif., and several weeks at the home of her son, Myron, Detroit, returned home.

The Women of the Reorganized Church of Latter Day Saints met at the home of Mrs. Glen Losey Sr.

Mrs. Jeane Menere, who fell at her home, is a patient at Tahquamenon General Hospital, Newberry.

Mr. and Mrs. Byron Levile and family of Clifford, spent a few days here visiting the Lee Nickersons.

## Banish Bombers In Disarmament, Soviets Suggest

GENEVA (AP)—The Soviet Union proposed today that the United States and the Soviet Union agree in principle to the phased destruction of all their bombers as a step toward world disarmament.

Soviet negotiator Semyon K. Tsarapkin told the 17-nation disarmament talks that once the United States agrees to the principle of destruction of all bombers, the Soviet government is ready to discuss such details as the types of aircraft, the phases, the over-all time limit and international verification procedures.

## Installation Ceremonies Held At Rock

ROCK — The Rock American Legion Post 559 and Auxiliary officers for the coming year were installed during a meeting and program at the Rock Lions club house July 11.

Elmer Olson, "father" of the Rock Post, who organized and installed the first officers of the Post some 17 years ago, installed Edward Ahlgren as new commander for the coming year. Other Legion officers were Clifford Carlson, first vice commander; Oscar Loring, second vice commander; Roman Gill, adjutant; Leslie Larson, finance officer; Francis Trombly, chaplain; Paul Johnson, historian; Sulo Ruotsala, sergeant-at-arms; Leslie Maki, service officer.

Florence Johnson, Upper 11th District Auxiliary president, Rapid River, installed the following Auxiliary officers of the coming year: Doris Carlson, president; Ruby Vandenbusche, first vice president; Emmy Kulki, second vice president; Georgiana Ruotsala, secretary; Eleanor Weingartner, treasurer; Helen Maki, historian; Josie Carlson, sergeant-at-arms; Grace Maki, chaplain.

The program opened with ceremonies by outgoing Commander, Roman Gill and invocation by Archie Wood. Commander Gill presented an American flag which had flown over the Capitol at Washington to service officer, Leslie Maki. The flag was given to the Rock Post 559 by Congressman John B. Bennett. Archie Wood gave a humorous recitation. Florence Johnson presented Georgiana Ruotsala with a secretary's pin for her eight years service in the Rock Auxiliary. The following charter members were presented: Doris Carlson, Anna Carlson, Darlene Ahlgren, Virginia Carlson, Elmira Falk, Edith Weingartner, Eleanor Weingartner, Edith Kleiber, Laverne Koski, Anna Larson, Grace Maki, Lillian Roberts, Georgiana Ruotsala, Nellie Salmi, Jane Salo, Viola Trombly, Ruby Vandenbusche and Evelyn Vitala.

Reports Given

Boys state representatives reported on their trip to East Lansing. Lyle Trombly who had been elected mayor of his city and Mike Ruotsala who had been on the city council of his city, reported on a very successful trip. Janet Jackson, who was Girl's State candidate, reported on her trip to Ann Arbor.

Edward Ahlgren, new Commander of the Post conducted the closing Legion ceremonies. A smorgasbord lunch was served followed by dancing.

Guests at the installation were Gunner Nelson and Mr. and Mrs. Norman Johnson of Rapid River, Mr. and Mrs. Elmer Olson and Mr. and Mrs. Archie Wood of Escanaba, Mrs. Edith Schram, Upper 11th district chaplain, Gladstone and Mr. and Mrs. Jay Huff of Phoenix, Ariz.

The Legion Auxiliary will meet at the club house Aug. 5 at 8 p.m. The Legion will not have a July meeting. The Post will meet on Aug. 10 at Leslie Larson's cottage on Noreen Lake at 8 p.m.

## Stephenson

### School Accredited

The Stephenson High School received notice from the Bureau of Service from the University of Michigan that it was accredited for the next school year. High schools are accredited annually by University of Michigan based on information submitted by the school authorities. The school is visited at least once every five years.

# Freeman Retires As Manager Of Clairmont Co.

A. W. "Archie" Freeman, today announced two major management changes in Clairmont Transfer Co. of which he has been general manager for the past 19 years.

Freeman advises that, effective immediately, he will assume his new duties as corporate consultant to Clairmont Transfer, motor common carrier that has its headquarters in Escanaba. He said he had hoped to enter complete retirement at this time, but that the owners of the company had requested that he remain affiliated with Clairmont on a consulting basis.

At the same time, Freeman announced the appointment of Irving Olsen to the position of general manager. Olsen has held the position of operating manager for Clairmont for the last 16 years. He has resided in Iron Mountain, and maintained his office in Clairmont's terminal facility in that city. Olsen will move his residence

to Escanaba at the earliest possible date. In the meantime he will commute between his home in Iron Mountain and his office in Escanaba.

"I find it difficult to believe that time has passed so rapidly," Freeman commented while reviewing his two decades as general manager of Clairmont. "During my first year with the company," he said, "we had total sales of three hundred thousand dollars. This year, we will enjoy total sales of ten million dollars, while our employment has grown to 800 people."

"During the same period we progressed from a total of 4 terminals to our present count of 19 terminals and expanded our operating area, through acquisition of other truck lines, to where we now cover the entire Upper Peninsula of Michigan, most of eastern Wisconsin, much of Indiana and as far south as Louisville, Ky."

Freeman said that, among his several continuing duties, he will remain active as a representative of Clairmont and the trucking industry as board member and member of the legislative committee of the Michigan Trucking Association and chairman of the Common Carrier Division of the Wisconsin Motor Carrier Association. He also plans to continue the many civic activities with which he has become associated.

## Back Yard Hikes Are Resumed At White House

WASHINGTON (AP) — The back yard hike and the tourist handshake are back on the White House scene.

President Johnson devoted about 90 minutes Wednesday to the kind of informality he has shied away from recently.

It started with an off-the-record chat and coffee with a score of newsmen present at the White House. Then came a walk twice around the circular drive at the rear of the executive mansion.

Several dozen tourists gathered at a locked iron gate to watch, and Johnson approached and greeted them, trying to shake all the offered hands.

He also had friendly pats for Him and Her, the two beagles he once was accused of mistreating by picking them up by the ears. Posing for pictures, he held the dogs up on their hind feet, but not by the ears.

## Curtis

Midge Hartwick celebrated her 11th birthday at a party at the home of her parents, Mr. and Mrs. Jack Hartwick.

Carolyn Gehrett was the guest of honor at a miscellaneous bridal shower held at the Curtis School, given by the Curtis Quilters Club.

Mr. and Mrs. Virgil Hall and son Larry Hall and family of Grand Rapids visited at the home of Mr. and Mrs. John McGahan.

Mr. and Mrs. Tom Blade and family returned to Bellville after a short visit here.

Mrs. Agnes Hartwick, Mr. and Mrs. Clare Henry and daughter, Linda, and Laura Osterhouse arrived from North Bend, Ore., for a visit with the W. Jack Hartwicks.

Mr. and Mrs. Kenneth Simmons and family of Kent City visited Mrs. Simmons' grandparents, Mr. and Mrs. John McGahan. John McGahan returned home with them for a visit.

Robert E. Giddings and Mrs. Mildred Vance and friend returned from a tour of the Copper Country.

Mrs. Walter Ormister and daughter and Mr. and Mrs. Robert Jacobs and family of Iron Mountain visited Mr. and Mrs. Jack Hartwick.

Mrs. Kay Ancell and children of Houghton Lake are visiting her parents, Mr. and Mrs. Lawrence McNeil.

Walter Sprang has returned home from the VA Hospital at Iron Mountain.

Mr. and Mrs. Cedric Painter have returned to Garden City after a visit with relatives here and at Newberry.

Mrs. Sarah Shepard of Manistique, a former resident, had surgery at St. Luke's Hospital, Marquette.

BROTHER Mario Glen Chigi, F.S.C., son of Mr. and Mrs. Mario Chigi of 508 S. 9th St., made his final perpetual vows as a Christian Brother on July 12 at Lewis College, Lockport, Ill. He is presently assigned to the Administration staff of the St. Louis Province. He graduated from Holy Name High School in 1957 and received his degree from St. Mary's College, Winona, Minn.

# NOTICE

The Republican County Committee, pursuant to and in accordance with the Michigan Election Law, does hereby issue its call for the holding of the Delta County Republican Convention at 7:30 P. M., on Saturday, September 12, 1964, at the Sherman Hotel, Escanaba, Michigan.

## Cub Scout Pack Meets Saturday

Cub Scout Pack 480 of Rapid River will hold their monthly pack meeting Saturday, July 18, at Rapid River Memorial Field at 7:30 p.m.

The July theme, Our American Heritage, will be used and the meeting will be opened with the advancement of the colors by Den 4. Presentation of awards will follow and Den 5 will present a skit portraying the Boston Tea Party. A huge bonfire will then be lit and attended by Den 3 with narration given on the historic events at Valley Forge. Den 2 will lead the songfest and closing ceremonies and retiring of the colors will be conducted by Den 1.

All Cub Scouts are expected to be accompanied by their parents. Boy Scout Troop 488 is invited to attend as special guests.

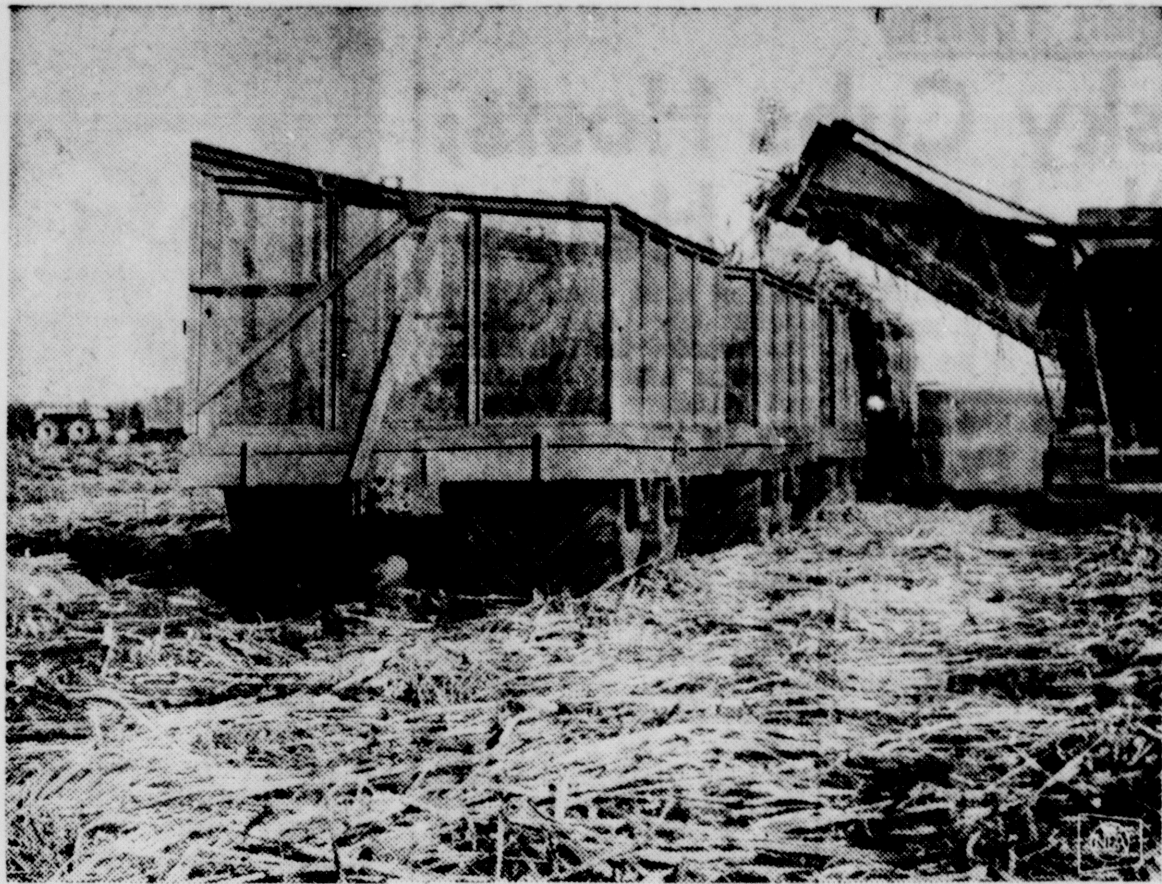

## Briefly Told

State Police received a report that two hunting camps on Federal Forest Service Road 411 in Nahma Township were broken into sometime since Sunday. The owners were notified and nothing was noticed to be taken. Investigation will continue.

Traffic tickets were issued to the following motorists by State Police, A. E. Houk, 411 Ludington St., no operator's license and Richard Johnson, Rapid River, speeding.

The Gladstone Fire Department was called to the Martin Schmidt home, 602 Dakota Ave., at 1:45 a.m. Wednesday when a fire was started by children playing in the garage. The fire caused slight damage to the cedar floor.

Some 50 species of crabgrass flourish throughout the warmer regions of the world.

BEHEMOTH OF THE FIELDS—Harvesting sugar cane along the southern shores of Florida's Lake Okeechobee is easy, with the aid of these hulking wagons. The wagons, equipped with fat, low-pressure tires, each carry 4,000 pounds of cane and can be unloaded by tilting in about two minutes. The carts are linked in four-wagon trains.

## VanLandegend To Retire Aug. 7

State Police Capt. James P. VanLandegend, commander of the eighth district at Marquette will retire Aug. 7 after more than 25 years of service. He joined the State Police in 1935, has headed the Upper Peninsula district since July 31, 1955, following his promotion to captain.

After enlisting, he served at

East Lansing, Blissfield, Erie, Detroit and Pontiac. He returned to the uniform division as a lieutenant March 21, 1954, remaining at Detroit until being promoted to captain and assigned to the Upper Peninsula.

VanLandegend earned six citations for meritorious service. He was born Nov. 16, 1908 at Holland, where he graduated from high school. He is married and has a son and daughter. The family lives in Marquette.

## 'Cow' Palace Is Misnomer

SAN FRANCISCO (AP)—The building where the Republican national convention is being held officially is named the "Cow Palace", but Louis Traycik, an alternate delegate from Michigan, has come up with a new suggestion.

Traycik introduced the following resolution Wednesday at a meeting of the Amalgamated Brother and Cistern Association of Alternate Delegates of Michigan:

"Whereas, the members of this exclusive association have been and will be attending the national Republican convention in a large meeting hall commonly known as the 'Cow Palace', and

"Whereas, said edifice was constructed by the Democrats, and

"Whereas, said hall has been known as a place where livestock and politicians alternate in being put on display, and

"Whereas, we feel said barn has been subjected to many odors and hot air during the many occasions it has been used, and

"Whereas the Democratic Party in naming the place the 'Cow Palace' has once again demonstrated graphically its obvious,

"Now, therefore, be it resolved by his august body in formal session assembled that we do hereby condemn said Democratic Party in so wrongfully and negligently giving an incorrect cognomen to said hall, and in so failing to recognize the true gender of same, and not naming it the 'Bull Palace'."

## City Briefs

James W. Rosenlund, son of Mr. and Mrs. Evert Rosenlund, 1212 N. 15th St., is now stationed at San Diego, Calif. and would like to hear from his friends. His address is James W. Rosenlund, SR773-96-62, Company No. 377, U.S. Naval Training Center, San Diego, Calif., 92133.

Mr. and Mrs. Patrick Kearney, 1316 Minneapolis Ave., returned Tuesday after spending the past two and a half months traveling abroad. ## In This Corner

with BILL FINLAN  
(Pinchitting For Vacationing Ray Crandall)

Sports minded people are in for a variety of treats over this coming weekend, and even for the most part of the rest of this week providing we get sunshine. A number of tournaments are taking place here, and if you want to go for a drive, you can go to Menominee on Saturday to see the Babe Ruth Upper Peninsula Championships.

But you shouldn't have to leave Escanaba, or Gladstone for that matter. On the hardball fields in Escanaba and Gladstone the District American Legion Tournaments are taking place. Escanaba is trying for its 10th straight title in that competition. Action begins at six tonight with Escanaba clashing with Manistique at the Al Ness Field. Over in Gladstone, Menominee will tangle with Gladstone, also at six tonight on the Bay diamond. Hermansville and Newberry meet at Al Ness Field tomorrow night as do Trenary and Stephenson at Gladstone, both at six sharp.

In softball, the Escanaba city tournaments go into full swing with games scheduled for 6, 7:30 and 9 tonight. The tournament schedule shows four teams in American and National Divisions, with the championships slated for Sunday night at Memorial Field. Hall Insurance and Teamsters battle it out in the first game tonight, followed by Hams and Flat Rock at 7:30. Mead 3 and Beros play the nine o'clock game. Mead 1 and Skinny's clash at 7:30 on Tuesday in the second game.

If you prefer golf you can always go out to the Escanaba Country Club where they are playing host for the Upper Peninsula Women's Golf Tournaments. Woman golfers will be converging on the Country Club course over the weekend to sharpen up for the tourney which begins on Monday, July 20. This is the seventh year since the tournament has been held in Escanaba. Tee-off time for the four-day classic will be 8 a.m. Alma Myers of Sault Ste. Marie, Michigan will be defending her Upper Peninsula title which she won at the Canadian So last summer.

There might be a chance that you don't go for any of these above sports, even if they are exciting tournaments. In that case you might try finding a friend who knows where the fish are located and take a fishing trip over the weekend.

## Paul Hornung In Top Shape For Green Bay

WEST DE PERE, Wis. (AP)—Green Bay Packer halfback Paul Hornung, free of a year's suspension for betting on games was in near peak form when he reported with the rookies checking in Wednesday night for the start of the training season.

"It would be tough if I waited all year and then flunked the physical," cracked Hornung as he took his place in line. He didn't fail, weighing in at 225 pounds, five more than his playing weight.

"Of course," he said, "that was after a big meal and with my clothes on." Hornung has been under a supervised conditioning program for two months. Part of his schedule included running up and down the steps of City Stadium.

He appeared in excellent condition, without a trace of a 1962 knee problem that slowed the Packers' versatile performer.

Coach Vince Lombardi had suggested that all hands report in good condition. Lombardi's Packers finished second in the Western Division last year after three straight conference titles and two consecutive league crowns.

Lombardi said he was looking forward to the upcoming season with greater anticipation because he didn't win last year. He also seemed pleased with his rookies, set to begin drills today with the veteran quarterbacks and centers.

The remainder of the Packers are scheduled to check in Sunday evening and see their first workouts Monday.

## Legion Tourney

## Esky Cubs Hosts; Gladstone Helps

The Gladstone Legion Baseball team will be in action at 6 p.m. tonight, in the opening round of the American Legion 11th District Tournament. Gladstone will play Menominee, a team that defeated the Legion team 4-2 Sunday.

The tournament, drawing a

field of eight teams will be staged July 16-19. Escanaba was awarded the 11th District American Legion Tournament, and Gladstone has cooperated with the use of its Bayshore Diamond.

On Friday night at the Bayshore Diamond Trenary will play Stephenson, Saturday games will be staged at 10 a.m. and 3 p.m. The coaching staff for the Gladstone Legion, is Cal Bovin, coach, Joe Boden, assistant coach and Don Howes, general manager.

Teams in the 4 day tournament are Gladstone, Newberry, Menominee, Escanaba, Trenary, Manistique, Stephenson, and Powers-Hermansville.

## Patti Shook Getting Close To Golf Win

ORCHARD LAKE (AP)—Patti Shook is closing in on another possible golf championship.

Patti, National Collegiate women's champion, won her second round match in the Michigan Women's Closed Championship Wednesday, defeating Mrs. F. R. Richart of Ann Arbor, 5 and 4.

The victory put Miss Shook into today's quarter-finals at the Tam O'Shanter Golf Club. Semi-finals and finals will be held Friday.

Miss Shook, tourney medalist, has had to play only 14 holes a day in her first two matches.

She was a 6 and 4 victor over Linda Fuller of Detroit in Tuesday's first round.

Joyce Kazmierski, Michigan State coed who lost to Miss Shook in the collegiate finals, defeated Cynthia Hill of South Haven, 3 and 1, Wednesday.

Sharon Wilder of Grand Rapids, a star of the collegiates, defeated Mrs. S. E. Gawne of Bloomfield Hills, 2 up.

Mrs. Keith LeClair of Ann Arbor, twice Women's State champion, lost to Mrs. Dorothy Thompson of Birmingham, 2 and 1.

In other second round matches Mrs. Jack Scripsma of Grand Rapids defeated Mrs. H.J. Marquardt of Mount Clemens, 1 up; Sharon Miller of Battle Creek defeated Mrs. Anthony Koustas of Dearborn, 5 and 4; Feather Frechette of Detroit defeated Janice Elias of Grand Rapids, 3 and 2, and Mrs. Frank Campsie of Grosse Ile eliminated Cynthia Claus of Grand Rapids, 1-up.

## Girls Softball

There will be a meeting at 8:15 this evening for all team captains, managers, officers and board members at the Chamber of Commerce Building. It is necessary that every team be represented.

Saykly's upset league leading Brown's Sinclair last night 19-7 at Royce Park. Saykly's exploded for ten runs in the fourth inning. They played errorless ball and held the Brown's runless during the last four innings. Carol Bartoz, Diane Creten and Rita Krusel smacked homers to aid the cause of winning pitcher Bartoz. Sue Van Effen and Connie Vechamme were on the mound for the losers.

## Chance Shuts Out Detroiters In LA

LOS ANGELES (AP)—The Detroit Tigers should have known better than to let Dean Chance pitch a full game for the Los Angeles Angels baseball team.

Every time Chance has pitched a full game for the Angels this year he's shut out the opposition.

Backed by Bob Perry's homer in the eighth inning, Chance allowed only five hits and walked only two Detroiters as the Angels won the nightcap of a doubleheader; Wednesday night. It was his seventh victory in a dozen decisions.

Los Angeles beat Detroit 5-4 in the first contest—making it the first time the Angels have swept a doubleheader from the Tigers. The Tigers play their next game Friday at Baltimore.

Don Demeter, his timing back, smashed a home run in the opener for Detroit. But Felix Torres' 430-foot homer pulled the Angels pitcher away from the deciding run.

Chance's shutout was his second straight and fifth in five complete games.

Phil Regan, who relieved in the eighth, gave up all eight Los Angeles hits and took his eighth loss against four victories.

Perry, who had homered only once in his previous 29 games, led off the eighth with his game-winning shot, a 420-foot drive to left-center. It was his third hit of the game.

Latman, who hadn't won since May 13, went 5 1-3 innings in the opener and picked up his third victory in 10 decisions. He allowed three runs, one unearned.

The loser was rookie Joe Sparma, 3-2, who started the game with an earned run average of 0.83 and was tagged for four runs in four innings.

The Angels scored three in the second on two walks, singles by Tom Satriano and Bob Knoop, an error and a double by Latman. Lou Clinton hit a homer in the fourth and Torres slammed his in the sixth off Mickey Lolich.

The Tigers scored an unearned run in the first and chased Latman with a two-run rally in the sixth, Demeter starting it with his 12th homer and fourth hit four days.

## 'Stique's Bosanic In Honor Edition

Peter Bosanic, outstanding Manistique boxer, has been selected for inclusion in the 1965 edition of "Outstanding Young Men of America," the Manistique Jaycee chapter which nominated him, has been advised. Selection was by a 13-man national board of editors for the publication.

Men between 21 and 36 who distinguish themselves in one or more fields of endeavor, to the point of being outstanding, were honored with this selection, Doug Blankenship, past U.S. Jaycee president said. He was chairman of the selection board.

"Outstanding Young Men of America" is an annual biographical compilation of approximately 10,000 young men of outstanding rank throughout the country. Nominees come from many sources, with a majority by Jaycees and College Alumni Assns.

Jaycees have long been active in recognizing outstanding achievement by America's young men. Since 1938, the 10 outstanding young men of the year have been selected. They have included John F. Kennedy, 1946, Nelson Rockefeller, 1941, Dr. Tom Dooley, 1965, Henry Ford II, 1945. President Lyndon B. Johnson will write the forward for the 1965 edition, which will have 896 pages and be published about Jan. 15, 1965.

## Babe Ruth

Harnischfeger squeaked past Insurance 7-6 in action last night. Gerald Richards took the win, with Bill Bellefeul collecting four hits for the winners.

Kiwanis Club and the Escanaba Banks will meet tonight at the league field at 5:45.

Pete Bosanic

## Golf

In Escanaba Country Club action yesterday with the ladies, Dorothy Anderson, Harriet Fitzharris, Marie Wicklander, Dede Bonifas and Nona LeHouillier grabbed low gross honors. Low net went to Shirley Peltier, Carol Hartson and Ceil Harris.

Best scores for the day were Marie Wicklander, Dorothy Anderson and Harriet Fitzharris with 44, Betty Gauthier and Gloria Hensley with 48 and Ruth Owen, Doris Swanson, Mary Sue Boyce, Marilyn Knoll and Rosemary LeMire had 49.

The teams standings are: Fitz's Witches 39½; Handy Andies 35; Bermuda Beauties 34; Ruth Need's Um 31½; Peg Legs 30; Sally's Sockers 27½; Dube's Duffers 24; Burning Wicks 24; Whips 23½; Lucky Six 21.

Yanks Grab Lead

Ford Gets 41st Shoutout Blanking Orioles 2-0

By The Associated Press  
Whitey Ford of the New York Yankees has pitched his seventh shutout of the season. But he allowed only three hits.

That's the easy way. For a real spectacular achievement, there's Jim Grant of the Minnesota Twins, who pitched his first shutout of the season.

He allowed 13 hits. Ford hurled the Yankees into the American League lead Wednesday in a head-to-head battle with Baltimore, blanking the Orioles 2-0 while Joe Pepitone took care of the runs with a two-run single in the second inning.

Pitching one of his strongest games of the year, Ford prevented the Orioles from getting a man beyond first base as he brought his record to 12-2, lowered his earned run average to 1.98 and extended the Yankees winning streak to six games. Hours later, Grant took the

mound for the Twins and started laboring. He gave up eight hits in the first four innings—three in the fourth—but managed to keep the Washington Senators from scoring as he wound up with a 6-0 victory.

Ford's three-hitter was the eighth in the AL this season and the 19th in the majors, but Grant stepped up to a plateau that hasn't been reached since May 26, 1959, when Lew Burdette of Milwaukee allowed Pittsburgh 13 hits before winning 1-0 in 13 innings.

The loser that time was Harvey Haddix, who pitched 12 innings of perfect ball against the Braves.

One other shutout was turned in Wednesday. Dean Chance of Los Angeles getting his second straight in the nightcap as the Angels swept Detroit 5-4 and 1-0. Elsewhere, Dick Stuart hit two three-run homers as Boston crushed the Chicago White Sox 11-2 and Kansas City took two from Cleveland 5-3 and 3-2.

The second game of the vital Yankees-Orioles series was decided in the second inning when Mickey Mantle opened with a single off Dave McNally. Tom Tresh walked and the two worked a double steal. One out later, Pepitone lined a single to right—and Ford took it from there.

Let Gals Run For Your USA Say Tracksters

By The Associated Press  
Henford, Calif. (AP) — Fellow:

If your girl friend can run faster, jump higher or throw farther than you—it's your patriotic duty not to date her. You could be hurting your nation's Olympic effort.

Uncle Sam needs them worse than you do, say the girls' coaches—who might be somewhat prejudiced.

Talent shown by teen-agers at the 1964 National AAU Women's Track and Field Championships points up a happy future for the 1968 Olympics if the girls continue rugged training.

Yet four years is a long time, and boys can upset the whole thing. Boy likes girl. Boy dates girl, and blooze goes the training schedule.

It has been this way for Uncle Sam in the past and nobody will bet it won't happen again.

Ed Temple of Tennessee State, coach of the women's track team for the 1964 Olympics, explains "If a girl stays in training until she is 22 or 23, she will be at her peak. It's tough to keep them that long."

U. S. Hurting

Finances Problem For Olympians

BOSTON (AP)—John Thomas says he may not make the Olympics in October. Harold Connolly says this is definitely the last Olympic try for him and his wife, Olga. And Chicago's latest gift to track, Tom O'Hara, has withdrawn from the U.S. squad which will meet the Russians July 25-26.

Although there is no apparent connection between the three stories, the three top U.S. Olympic hopefuls all have the same complaint—money, or rather, the lack of it.

Thomas, the world's best high

jumper until replaced by Valery Brunel of Russia and still the best in the United States, said Wednesday he may not be able to go to the Olympics in Tokyo if he can't find a job which will allow him time off for training.

The former Boston University performer warned that others are in the same boat. "Only those of us who are able to stick to our training despite serious financial difficulties will get to Tokyo," he said. "I lost my job before the Olympic tryouts because I had taken so much time off to compete in various meets."

Connolly, who holds the world record for the hammer throw and who also has qualified for the Olympics this year with Thomas, said: "It means a sacrifice but we are going all out to win this year—and then retire."

The financial responsibilities he and his wife face include a 5-year old son, twins born last year and Mrs. Connolly's parents.

Right now both he and the Czechoslovakian-born Olga, the Olympic record holder in the discus, are working for the Recreation Department in Culver City, Calif., in jobs which give them enough money to get by and allow them to keep in shape for an Olympic effort.

Dan Ferris, an emeritus official of the Amateur Athletic Union, said O'Hara resigned from the U.S.-Russia meet to stay in Chicago where his father suffered a heart attack two weeks ago and where he has taken a job.

O'Hara could not be reached for comment on his plans for the Olympics Wednesday night but his mother said the 135-pound miler definitely would go to Tokyo in October.

O'Hara and Dyrrol Burleson of Oregon were expected to give the United States a 1-2 finish in the 1,500-meter event at Los Angeles against Russia.

Together they formed perhaps the best 1-2 punch the United States ever has had in the 1,500 meter, the so-called metric mile.

Grant won his fourth in five decisions since being acquired from Cleveland and brought his over-all record to 7-5. Home runs by Jimmie Hall, Rich Rollins and Jim Snyder supplied the Twins with more than enough firepower, although they were outlived 13-11.

The Angels also got the job done with homers. Lou Clinton and Felix Torres connected in the opener in support of Barry Latman, who snapped a six-game losing streak. Bob Perry's eighth inning homer off Tiger starter Phil Regan enabled Chance to win the nightcap.

Chance, bringing his record to 7-5, struck out 12 and now has pitched a shutout in each of his five complete games this season. His latest lowered his ERA to a spectacular 1.88.

Stuart's first homer in the opening inning put the Red Sox ahead 3-2 and they never trailed. Arnold Earley got the victory by scattering four White Sox hits, posting his first victory of the year and his first complete game since reaching the majors in 1960.

A's reliever Wes Stock, who hasn't lost since July, 1962, brought his record to 4-0 and won his 12th straight in the opener by allowing the Indians only two hits over the first 3-13 innings. He also scored the tie-breaking run in the sixth on a single by Dick Green.

The A's took the nightcap with homers by Bill Bryan and Rocky Colavito accounting for all the runs while Ted Bowsfield checked Cleveland on five hits.

Ford Top Yank In Shut Out Department

NEW YORK (AP) — Whitey Ford was taking a deep drag of a glass of iced tea (honest) in the clubhouse when a covey of writers caught up with him. "Did you know you beat all the Yankees in shutouts?" a fellow asked. "Guys like Red Ruffing, Herb Pennock, Lefty Gomez, Allie Reynolds. You beat them all."

Whitey had just thrown the 41st shutout of his career, a three-hit, 2-0 job against Baltimore in 90-plus heat Wednesday afternoon. The 35-year-old pitcher-coach wasn't about to get too excited.

"When you stick around as long as me, you ought to catch up to someone," said Ford. "Later on, when I quit, it will mean more to me when I get a chance to think about it."

Ford's pin-striped uniform was a soggy dish rag. "I couldn't find one dry spot on my uniform when I wanted to wipe my hand," he said. "A ball hit down to Cleve (Boyer) was so wet that he thought it was a spitter. I was just wet all over."

The shutout was Ford's seventh of the year, dropping his earned run average to 1.92. His career won-lost record now is 211-80 for .725, best of all active pitchers.

"My left hip started bothering me in the seventh," Ford revealed.

It wasn't noticeable from the press box as he rolled along smoothly, boosting the Yankees into the American League lead.

Phils Lose Again; Drop Last 6 Of 7

By The Associated Press  
Philadelphia, Gene Mauch said, was having troubles with left-handers.

The Phillies had some more Wednesday night. Jerry Lynch, a southpaw swinger, clouted a three-run homer, powering Pittsburgh to a 3-0 victory over Philadelphia.

In talking about the Phillies' recent problems, Manager Mauch was referring specifically to left-handed pitchers. But Lynch's blast—to the opposite field—did as much damage as pitchers have been doing.

The Phillies have dropped six of their last seven games since vaulting into first place in the National League. The slump has tumbled them back out of first—although not by much.

First-place San Francisco also lost Wednesday night, 6-2 to surging Milwaukee, keeping Philadelphia just one game behind.

Some shoddy fielding contributed to the Phillies' latest loss. After Manny Mota led off the fourth inning with a single, Roberto Clemente grounded to

third baseman Richie Allen. "The rookie let the ball get by him for an error, and shortstop Ruben Amaro, backing the play, picked up the ball and tossed it wildly to second, permitting the runners to advance one base each."

Lynch followed with his home run off Jim Bunning. Elsewhere in the NL, Cincinnati edged Houston 2-1, Los Angeles bombed St. Louis 13-3 and Chicago nipped New York 3-2.

Bob Friend scattered seven singles, evening his record at 8-8. The Phillies put the first two men on in the eighth, but Friend fanned Tony Gonzalez and induced John Herrnstein to hit into a double play. Bunning, the perfect game pitcher, lost his fourth game against nine victories.

The Giants took a 2-1 lead on Willie Mays' 28th homer, a two-run blast in the fifth. But the Braves rallied in the seventh, scoring three runs. Hank Aaron singled across the tying run, and Lee Maye followed with a two-run double.

Ed Mathews added a two-run homer in the eighth. Aaron's three singles gave him 2,005 career hits, a Braves' record.

Ron Fairly smashed two homers and drove in five runs for the Dodgers. Willie Davis and Tommy Davis also connected as Larry Miller recorded his first major league victory. The Dodgers collected four runs in the fourth on two hits, two errors and a wild pitch.

Dick Farrell was frustrated for the seventh time in his attempt to win his 11th game for Houston. Farrell won his 10th game on June 14, the first pitcher to win that many this season.

But Marty Keough's two-run homer in the sixth inning shattered any thought Farrell had of finally winning. Jim O'Toole picked up his 10th victory against four defeats.

Chicago edged New York behind the hitting and pitching of Lew Burdette. The veteran right-hander scattered nine hits in boosting his mark to 5-2 and homered for the deciding run in the eighth inning. Charlie Smith hit a homer for the Mets in the ninth.

Stock Cars Set For Sunday Race

DETROIT (AP) — More than 80 cars, the largest entry ever received for a single major race in Michigan, are expected for Sunday's qualifying for the 100-mile stock car race at the Michigan State Fair Grounds. The race was scheduled originally for last Sunday but was rained out.

Yesterday's Stars

By The Associated Press  
PITCHING — Whitey Ford, Yankees, pitched New York into the American League lead with a three-hit, 2-0 victory over Baltimore, posting his seventh shutout of the season while bringing his record to 12-2. BATTING — Dick Stuart, Red Sox, hit a pair of three run homers and ran his American League leading runs batted in total to 73 as Boston crushed the Chicago White Sox 11-2.

MANISTIQUE Legion Post 83 Receives Honors

American Legion Post 83 was presented three awards by 11th district committeeman, Ray Palowski at a meeting Tuesday. The Post earlier won the "Post of Tomorrow" recognition of its outstanding contribution to American Legion strength.

The post's pistol team took third place honors in state competition in the 1964 match.

School Board Plans Meeting On Tenure Act

The Manistique Board of Education Tuesday night set Sept. 1 for a special meeting to revise provisions of the teacher tenure law.

Under the new law, all teachers with a system two years come under the Tenure Act unless a board acts unanimously between the effective date, Aug. 28 and school opening, to withhold tenure, from individuals for one year. Boards may also vote to exclude administrative posts from tenure.

Announcement was made Hiawatha Township will be transporting five Intake Park area students who previously came to school in Manistique.

The budget of \$439,740 was reviewed and public hearing will be held later. Estimated revenues consist chiefly of property taxes, \$102,000 and state aid, \$242,593. Tuition is \$9,637 due for 1963-64, and \$53,315 for 1964-65.

The board accepted the lower of two bids received for 600 tons of stoker coal. It was from Girvin Coal & Dock at \$12.60 per ton.

Supt. Edwin Wuehle was authorized to prepare a request for Title 111 federal assistance funds. An audit by Ernst and Ernst was asked for school records, as is done annually; and four persons were approved to be qualified as school bus drivers.

Permission was granted for Evelyn Berwin to serve on the U. P. Educational Planning Council, at invitation of Dr. Lynn Bartlett, superintendent of public instruction; and for Mrs. Taisto Orhanen to apply pay of three unused sick leave days toward cost of a 2-week ceramics course at Escanaba.

Announcement was made the school has been approved for accreditation by the University of Michigan Bureau of School services.

Carlyon Heads Seniors Club

A group of 70 met at the Youth Center Tuesday to organize a Senior Citizens Club and Stanley Carlyon was elected president. He is a retired high school teacher. Also elected were Rev. Harry J. Davidson, secretary and Mrs. Minola Weber, treasurer.

The group heard comments from individuals and Harold Carlson, chairman of the Schoolcraft council on aging. The county has over 1,000 Social Security recipients and needs this type of club it was reported.

A program was presented under direction of Mrs. William Hood, Mrs. Richard Bonifas, Mrs. Earl LeBassieur and Mrs. E. J. Doyle. Musical numbers were played by four members of the Municipal Band. Folk-song singing was led by Mrs. Eugene Johnson and several square dance numbers were called by Alex Creighton for the Merri - Makers Square Dancers.

A meeting is planned in two weeks with a program to be arranged by new officers. All senior citizens of the county are invited to the next or subsequent meetings.

Hospital

Admitted to Schoolcraft Memorial Hospital were Anna Maly Cole, Germfask; James Howland, 177 River St.; Diana Cota, 107 First St.; William Donnell, Ensign; Gail Potvin, Route 1; Betty Clarke, Curtis; Audrey Ekdahl, 806 Garden; Mina Mulhaupt, 520 Michigan; Glen McGregor, Gulliver; Howard Brower, McMillan and Jerry Sample, 429 Delta Ave.

Discharged were Meta Fischer, George Brown, Joan Pawley, Leonard Gager, Myrtle McKenzie, Laura Sample, John Feight, and Darlene Brown.

Births

A daughter was born to Mr. and Mrs. Clifford Cota, 107 N. First St. at the Schoolcraft Memorial Hospital. The mother is the former Diana Gould. The baby weighed 7 pounds 1 ounce.

Mr. and Mrs. Keith Potvin, Route 1, Manistique, are the parents of a son, weighing 8 pounds 9½ ounces. The mother is the former Gail Walker.

WILLIAM MALES, 15, of Manistique is among U.P. Boy Scouts attending the national jamboree in Valley Forge, Pa. (Daily Press Photo)

Indian Lake Women's Golf Group Meets

The Women's Afternoon Group of Indian Lake Golf and Country Club met Tuesday, July 7 for bridge with prizes awarded Mrs. H. G. Hansen, Mrs. Henry Neville, Mrs. Hazel Bolitho, Mrs. Ray Prine and Mrs. Mauritz Carlson.

Hostesses were Mrs. Ben Gero and Mrs. Russell Watson.

The next meeting will be July 21st at the clubhouse with Mrs. William Cook and Mrs. W. A. Corson as hostesses.

Seney Streets Will Be Coated

The Schoolcraft Road Commission has made an agreement with Seney Township for seal-coating streets. The project totals a half mile.

Germfask Township has asked for estimates on a similar project, for 1.3 miles.

The Road Commission has work underway on Townline Road, and was scheduled to complete the cover coat today. It is a Federal Aid Secondary project for 2¼ miles.

Two Men Held On Short-Change Theft Charge

Two men entered pleas of not guilty to a charge of stealing \$10 from Philip Freeland of Gulliver, in Justice Court Wednesday and trial by court is scheduled Monday.

The two, Paul J. Beads, 35, of Omaha, Neb., and Enos J. Tebo, 39, of Wisconsin Dells, Wis. were charged, after they were apprehended Tuesday. With them was a third person, Bobby R. Bales, 40, of Fayetteville, Ga., who was not charged.

According to State Police reports, the men went into Freeland's store and purchased three organes, which cost 22 cents. They used a \$20 bill to pay. As they left, Mrs. Freeland reminded them of the \$19 change they had coming in addition to the 78 cents. Tebo said he had thought he paid with a \$1 bill. On receiving the \$19, he asked for a \$10 bill, handing \$5 and four \$1s.

Mrs. Freeland in the meanwhile had called to her husband, who noted one more dollar was needed to make the \$10. Tebo advanced it. When Freeland gave him the \$10, he put it on the \$5 and the \$1s, and asked Freeland for a \$20. After the three had left, Freeland realized he was short-changed.

The men were apprehended in a station at M-117 and U.S. 2. Reports that these men had tried to similarly miscount change were received from four other business places. Officers said they had \$700 between the three of them.

The two have posted bonds of \$100 for appearance in court Monday.

Obituary

GERALD MULLEN  
Funeral services were conducted at 2:30 p. m., Monday in Kefauver & Jackson Funeral Home for Gerald Mullen, 60, of Indian Lake who died at midnight Friday. Pallbearers were Roland A. by J. R. Williams

## MANISTIQUE

MRS. OCTAVE LEMIRAND, the former Susan Tanguay, who was married July 20. (Mincoff Photo)

## Should Lakeside School Be Kept?

The Manistique Board of Education has received a recommendation that the Lakeside School site be used for construction of a new elementary school.

The recommendation was made by Dr. Richard L. Featherstone of Michigan State University, who is providing special services to Vilcan-Leman Associates for master plan studies in Manistique.

During the school board meeting Tuesday night, Supt. E. E. Wuehle asked that consideration be given to whether the present Lakeside building could be included in school planning, due to recent developments which indicate the school may need more space.

The recently passed K-12 reorganization bill could substantially increase Manistique junior high enrollment.

A request for shared-time with parochial schools to include science if possible, possibility of establishment of a county library, investigation of the intermediate school district and need by the district of additional storage in different areas due to the fire marsh recommendations could affect plans.

A 2-mill levy for five years for a new elementary school was approved by voters, and this fund now has \$19,031.61 in it according to the annual report of the school district, presented Tuesday night.

## School Board Approves Joining Library Federation

The Manistique Board of Education Tuesday night approved joining a proposed library federation with the Dickinson County Library, Escanaba Public Library, Gladstone school and public library, Manistique School and Public Library and Menominee County Library.

The libraries would have union lists of books, exchange titles and receive cooperative services from the federation, which may contract with libraries in the area to provide services and also with local governments to serve residents which have no libraries. Book pools will be utilized for some materials.

The proposed federation would receive an incentive grant and a system grant plus book collections to begin the program. It would be governed by a board consisting of one member from each of the member library boards. Trustees would be elected annually by local boards of libraries.

## Guest Talent Is Welcome At 'Hootenanny'

Mrs. Joseph (Irene) Davis reports talent from sister counties and other areas may participate in the Hootenanny planned here Aug. 8 at the armory, from 10 a. m. to midnight. It is to raise funds for Schoolcraft youngsters to attend Bay Cliff Health Camp.

We reserve the right to reject any and all bids.

SIGNED: CLAIMANT TRANSFER CO. 1805 Seventh Ave., North Escanaba, Michigan 16377—July 16, 23

## LEGAL NOTICES

NOTICE OF FORECLOSURE SALE pursuant to a final judgment entered by the United States District Court for the Western District of Michigan, Northern Division, dated March 6, 1964, in a certain case entitled United States of America v. Lenny Clairmont and Vera Clairmont, I will sell, at public auction, to the highest bidder or bidders, upon the steps of the County Courthouse, County of Delta, City of Escanaba, Michigan, on July 31, 1964, at 11:30 o'clock in the forenoon, the real estate in said judgment directed to be sold to-wit:

That part of Lots 7 and 8 of Sec. 7, T. 39 N., R. 22 W. of the right-of-way of the Escanaba & Lake Superior Railroad, lying E. of the right-of-way of the Old State Road; W. of the right-of-way of the Escanaba & Lake Superior Railroad; S. of a line commencing at a point on the line between Sec. 7, T. 39 N., R. 22 W. and Sec. 12, T. 39 N., R. 23 W., 892.42 feet S. of the NE corner of the SE 1/4 of the NE 1/4 of said Sec. 12, and running E. at a right angle to said line to the SW 1/4 corner of the right-of-way of the Escanaba & Lake Superior Railroad, containing 20.84 acres, more or less, all in Delta County, Michigan.

NOTICE IS FURTHER GIVEN that I will file in the Office of the Clerk of the United States District Court for the Western District of Michigan, Northern Division, in the Federal Building, Marquette, Michigan, my report of the result of said sale on or before September 1, 1964 or, in the event that said sale shall be adjourned, then not later than seven (7) days following the conclusion of the bidding at such adjourned sale. As soon thereafter as the parties can be heard, a hearing will be held by said Court on said report and upon any motion or motions which may have been heretofore or may be then made in said cause for or against the confirmation of said sale.

Dated: June 2, 1964 FLOYD STEVENS, United States Marshal for the Western District of Michigan.

GEORGE E. HILL, United States Attorney for the Western District of Michigan, Attorney for Plaintiff, 313 Federal Building, Grand Rapids, Michigan 49502

June 12, 16, 23 July 2, 9, 16

## PRISCILLA'S POP

DON'T CRY, HONEY!

SEE? MOTHER IS RIGHT HERE!

ROCKABYE BABY ON A TREE TOP

Anyway, it beats walking!

REMEMBER KEEP AWAY FROM HIM! IF BUTCH CLOBBERS YA WITH THAT LEFT, IT'S CURTAINS!

AMATEUR FIGHTS TONIGHT

URK! WHAT ARE YA DOIN' UP THERE, YA CLUCK?

THIS IS AS FAR AWAY AS I COULD GET, GUVINOR!

DAGWOOD BOUGHT ME A LOVELY STRING OF CULTURED PEARLS. WOULD YOU LIKE TO SEE THEM, TOOTSIE?

THEY'RE EXQUISITE! I'D LOVE A STRING JUST LIKE THEM

DAGWOOD WOULD YOU MIND TELLING ME HOW MUCH THESE PEARLS COST?

TWELVE LUNCHEONS AND THREE WEEKS' BUS FARE

SARGE, CAN I GO SWIMMING?

DO YOU HAVE ANYTHING TO SWIM IN?

SURE

OKAY, GO AHEAD

I THOUGHT HE KNEW THERE WAS A CREEK HERE

THE FACT IS I DIDN'T TAKE A BRIBE BUT I DID TAKE A \$10,000 CONTRIBUTION FROM THE MILL PEOPLE FOR MY CAMPAIGN.

I KNEW THEY WERE OPPOSED TO POLLUTION LEGISLATION, AND WELL, I JUST DIDN'T PUSH IT!

SOMEHOW GOVERNOR, I FEEL THAT LYNN IS GOING TO BE ALL RIGHT!

I KNOW NOW I MADE A TERRIBLE MISTAKE, AND IF GOD WILL I'LL GIVE THE MONEY BACK—AND GET A POLLUTION LAW WITH TEETH IN IT!

YOU—GASPY—AREN'T GOING TO SHOW SARKER—SHUDER—SHAKER! THAT TO HIM ARE YOU?

WE GUPPY GOTTA!!

IS HE GOING TO SEE THAT?

AH'M AFRAID HE GOTTA!!

BY GUPPY! IT'S GOOD TO SEE YOU AN EASY AGAIN, MR. MCKEE!

LULU BELLE, PLEASE! MR. MCKEE ISN'T FEELING TOO WELL—THE DOCTOR JUST ORDERED HIM TO GET AWAY FOR A FEW WEEKS!

AW, I'M SORRY, MAC... HEY! I GOT JES' TH' THING FER WOT AILS YOU!

MY STARS! WHAT IS THAT, LULU BELLE?

# Boy Scouts Will Not Go Hungry At Valley Forge

VALLEY FORGE, Pa. (AP)—There will be no food shortage for the estimated 52,000 Boy Scouts who will camp out in historic Valley Forge Park during their sixth National Jamboree July 17-23.

It will take 100 railroad freight cars and hundreds of trucks to bring in the tons of meat, fish, vegetables, bread, cake and milk that will feed the boys and their leaders.

The entire feedbag will cost \$1.1 million.

## 22 Miles of Dogs

Hot dogs that will be served at two meals to the participating scouts would cover 22 miles, if laid end to end.

There will be 1.1 million cans, jars and packages of foods delivered in 47,000 cases. This alone weighs over 700 tons.

Milk? over 600,000 quarts—enough to fill a small swimming pool. And ice cream? A quarter of a million dippers full.

Butchers will cut up 2,200 steer to get 25,000 pounds of steak for the gala windup dinner on Thursday, July 23.

To cook the food around 16,380

campfires the boys will burn up 245 tons of charcoal.

There will be no dishwashing. The scouts will use 8.5 million paper cups and plates at mealtime. Their only K.P. will be to clean the knives, forks, spoons and pots and pans they will cart from home as part of their camping equipment.

## Largest In World

The jamboree isn't all eating. Between meals the scouts—in what is believed to be the largest gathering of free youth in the world—will exhibit their outdoor skills and participate in a multitude of activities.

They'll all check in by Friday, July 17—some after sightseeing tours in New York, Philadelphia and Washington—and pitch their two-man tents on the 1,900-acre site where George Washington's tattered Revolutionary War army spent the winter of 1777-78.

Already 765 scouts from 40 nations outside the United States, including 418 from Canada, are registered.

The major highlight of the jamboree—excepting the hoped-for appearance of President Johnson at one giant campfire gathering—will be "American Heritage Day" on July 18. This climaxes a national program cosponsored throughout the year by the Boy Scouts and Freedoms Foundation.

## Cornell

### Farm Bureau

Delta 426 Farm Bureau group held a combined meeting with Boney Falls and Flat Rock groups at the Cornell Hall with Pearl Bittner, Delta chairman, presiding. Clayton Ford led the discussion on "Farmer's Approach to Marketing and Pricing Problems." Lunch was served by the host group. The August meeting date will be announced later.

JOSEPH A. BRUNTON JR., chief scout executive, Boy Scouts of America, points as he looks over the site of the forthcoming National Boy Scout Jamboree at Valley Forge, Pa. With Brunton are Bruce Edwards, 17, (left) an Eagle Scout; and Scout Mike Stump, 15, both of Wayne, Pa. The jamboree will be July 17-23. (AP Wirephoto)

## Schaffer

The names of Mr. and Mrs. Edward Potvin of Caripolis, Pa., were omitted from the list of those attending the Potvin family reunion.

Visitors at the William Savage home were Mr. and Mrs. Jerry Savage and son of Rockford, JoAnn Savage, Chicago, and Bradley Savage, Milwaukee.

Mrs. Vernon Dubrock returned from Westfield, Mass., where she attended a sales promotion convention.

Mr. and Mrs. Kenneth Deroun of Rockford are visiting Mr. and Mrs. Alex Deroun.

Mr. and Mrs. Edward LaBranche of Waukesha are visiting Mr. and Mrs. Louis Sabourin.

Mr. and Mrs. Fred Gagne and two daughters, Milwaukee, are

visiting her parents, the Vern-on Dubrocks. The two couples visited this week with Karen Dubrock who is employed at Mackinac Island.

Mr. and Mrs. Harold Charbonneau and Tony and Scottie of Chicago and Jo Ann Charbonneau, Milwaukee, are vacationing at the Rayne Charbonneau home for two weeks.

Miss Evelyn Derocher and fiancé, Terry Steward, of Milwaukee, who are visiting her parents, the Eugene Derochers, spent Sunday at Mackinac Island.

Visiting at the Homer Seymour home are Louis Liss and children and Mrs. Joseph Horazmus and JoAnn of Chicago. They are a brother and a sister of Mrs. Seymour.

Mr. and Mrs. Stanley Kroll and children of Chicago are visiting the latter's parents, the Louis Butryns.

# Flying Bathtub Is Moon Vehicle

By HOWARD BENEDICT

EDWARDS AIR FORCE BASE, Calif. (AP)—A pair of weird-looking aircraft dubbed the "Flying Bathtub" and the "Flying Bedstead" may pave the way for astronauts to make safe controlled surface landings on earth and on the moon.

The Bathtub, a wingless vehicle called the M2, has made more than 30 manned flights above this desert test center. Project officials say its concept offers great encouragement that spacemen of the future will be able to fly their space ships back to earth like an airplane, selecting their landing spots.

The Bedstead, officially called the Lunar Landing Research Vehicle, is scheduled for its first flight next month. It is a complex maze of tubing, wiring and rocket engines which will enable pilots to simulate lunar landings and take-offs.

## Made Without Wings

President Johnson examined both craft during his June 19 visit here.

The M2 was developed by the National Aeronautics and Space Administration as a possible forerunner of a reusable vehicle for ferrying astronauts and supplies between the earth and orbiting space stations.

The 20-foot-long craft was made without wings to reduce the area exposed to air friction. Its rounded plywood body, giving it a bathtub appearance, provides just enough lift to keep it from falling like a rock. Small tail surfaces on either side give the M2 some stability and directional control.

In flight tests, the M2 is towed behind a C47 plane to a height of more than 16,000 feet and released. The pilot maneuvers the craft like a glider back to earth. A few feet above the ground he tilts the nose up to reduce speed from about 140 miles an hour to about 80 miles. Landing is made about three minutes after release from the C47.

Pilots Milton Thompson and Chuck Yeager report that despite the sharp descent the M2 handles like a plane and landings on the desert floor have

been smooth. Each time they have touched down within 100 feet of the intended target.

## Supported On Legs

Two LLRVs are in final assembly here. Project manager Don Bellman reported they "will investigate possible operational and piloting problems that may be incurred during the final phase of a manned lunar landing and the initial phase of a lunar take-off."

Each LLRV is 10-feet high and is supported by four aluminum alloy truss legs with a spread of 13 feet. A jet engine is attached to a gimballing system at the point where the tops of the four legs join. A plexiglass-covered pilot's platform extends forward from the top of the platform. Weight is 3,660 pounds.

Joe Walker, who has flown the X15 rocket plane, will be the first to fly an LLRV in August. The 4,200-pound-thrust jet engine will lift him to an altitude of about 4,000 feet and he will come down using a variety of small rockets with thrust ranging from 18 to 500 pounds. The craft can hover over a landing spot while the pilot determines if it is safe. If not, he can maneuver the LLRV laterally to another position. Initial flights will last about three minutes.

## Legion Plans Installation

BARK RIVER — Rheume-Knauf American Legion Post 438 held the regular meeting Monday evening at the Bark River Community Hall. A joint meeting with the Auxiliary is planned for Saturday, Aug. 1, when officers for the ensuing year will be installed by Lester Lauscher of the Tony Revord Post of Powers. An American flag which had flown over the nation's capital in Washington, D. C., was donated to the local post by Congressman John T. Bennett. Teen-Age dances are planned for Friday, July 17, and July 24. The Nomade of Escanaba will furnish the music for the July 24 dance.

# Bark River Scouts Return From Red Buck

Bark River — Thirteen boys from Troop 446 attended the Red Buck Scout Camp near Munising from July 4 to breaking of camp at 1 p. m., Saturday, July 11. Scoutmaster Paul Nickell Sr., was assisted by his son, Larry of Milwaukee for the first two days. The boys from the troop who went were Tim and Tom Fournier, Paul VanEnkevort, Daniel LeBeau, Michael and Scott Anderson, Roger Quist Jr., Richard and Terry Teal, Gary Whately, Paul Nickell Jr., Peter Chase and Tony Westlake.

Local people who went up for the Wednesday evening program witnessed the water carnival of races, canoeing and diving and particularly enjoyed the watermelon grab. They also saw the tapping out ceremony of the Order of the Arrow. Later there was a camp fire gathering at Troop 446's Camp Kickapoo and coffee with the Scoutmaster. Some of the local mothers sent up goodies for their sons which were enjoyed. Attending Wednesday evening were the Wayne Teal and James Anderson families.

Mrs. Melvin Teal and children and Mr. and Mrs. Durward Chase Sr.

## At Board Meeting

Mrs. Ray Teal, Bark River, and Mrs. Charles Propst, Escanaba, president and vice president respectively of the Escanaba Diocese of the Marquette Diocesan Council of Catholic Women, attended a Diocesan Board meeting Sunday in the Vista Room of Northern Michigan University, Marquette. Reports were given by the Deaneery presidents and plans were made for the Diocesan Workshop which will be held in September in Ishpeming.

In the last 49 years, 92 hurricanes have reached the continental United States.
